

FIRST PLANE GROUP IN HISTORY CROSSES ATLANTIC

Renahan Searchers Make Stewart Base For Flights Italian Planes Arrive In Brazil After Flying From Africa As Squadron

Eckmann Plane Is To Fly Northward From Prince Rupert

Expected Pilot and Two Companions To-morrow Will Be at Stewart, From Where Flights in Search of Renahan and Two Companions Are To Be Made.

Canadian Press
Prince Rupert, Jan. 6.—Pilot Ansel Eckmann, mechanic Frank Wadman and Constable Smith of the provincial police hoped to take off this afternoon to start their inland search for Pilot Robin Renahan and his two companions, missing since October 28. They plan to fly to Stewart on the Portland Canal, from where search flights are expected to be made. Supplies and gasoline have already gone forward. They also hope to make flights out of Hyder, Alaska. To-day was frosty and clear, following weeks of dull days.

But by bit rumors of what may have happened to the Renahan plane drift down from the north and are analyzed by the searchers. The latest is that a linean named Landry, stationed at Echo Lake, south of Telegraph Creek, heard a plane while on his beat on November 1 at 1:30 p.m. He entered the fact in his diary. There was fog at the time, but Landry is sure he heard a plane's motor. It sounded as though at a very high altitude.

TRAPPER'S REPORT
A trapper, October 30, about twenty-five miles south of where Landry reported the plane, met another linean and told him he also had heard a plane. The two times are identical, but the dates conflict. The trapper also said the motor sounded as though the plane was very high.

VESSEL RETURNS SOUTH
The auxiliary schooner Dorothea, with a Seattle party on board, sailed from here direct for Seattle, to-day.

DO-X EXPECTED TO MAKE OCEAN FLIGHT JAN. 20
Berlin, Jan. 6.—The Dornier Works to-day announced the big seaplane DO-X was scheduled to start its transatlantic flight to New York January 20. The crew left yesterday evening for Lisbon, Portugal, to take over the plane.

\$70,000 FAIR BUILDINGS JOB STARTS IN WEEK
Work on construction of the new Manufacturers' Building and Horseshow Pavilion at the Willows grounds, authorized by the ratepayers of Victoria in December, will commence within a week or ten days. It was announced following the letting of the contract by the City Council yesterday evening to Williams, Trerise and Williams.

The contract figure was \$67,200, having been pared down from the original sum of \$72,070 bid by the firm. In letting the contract, the council adopted the report of a special committee appointed to deal with the tenders. This committee, in addition to recommending the contract be given to Williams, Trerise and Williams, reported that tenders not complying with advertised specifications and not accompanied by certified cheques should not be accepted.

PRICE CUT DOWN
The tender of the successful bidders was accepted subject to modifications which cut \$4,870 from the original bid, and a bond was posted for the proper completion of the work.

Algerman R. A. C. Dewar questioned if the contract provided for employment of labor in alternate shifts, but was informed this could not be done. In completing the task of letting the tender, the Council passed a vote of thanks to Premier Tolmie for his assistance in promoting the project. Appointment of a clerk of the works was left in the hands of the special committee.

Tenders for \$40,000 worth of new fire equipment, also authorized by by-laws, were opened yesterday evening and referred to the building inspector, the fire chief and fire wardens for report. Five bids were received.

The late Mrs. L. Adams-Beck, famous authoress and former resident of Victoria.

Keep Trade Within Family Is Advice Of Parker Moloney

MRS. ADAMS-BECK, FAMED WRITER, DIES IN JAPAN
Noted Authoress Lived Here 1920 to 1926; Had Pen-name E. Barrington

Was Engaged Latterly in Translating Ancient Writings of Buddha

The part that British Columbia will play in the establishment of more permanent reciprocal relations between the Dominion of Canada and the Commonwealth of Australia will form the basis of conversations between leaders of the Provincial Government and Hon. Parker J. Moloney, Australian Minister of Markets, Trade and Fisheries, in City to-day.

Will Meet Government Ministers Here; Chief Speaker at Joint Luncheon To-morrow

The part that British Columbia will play in the establishment of more permanent reciprocal relations between the Dominion of Canada and the Commonwealth of Australia will form the basis of conversations between leaders of the Provincial Government and Hon. Parker J. Moloney, Australian Minister of Markets, Trade and Fisheries, in City to-day.

MOLONEY TO SPEAK AT BIG LUNCHEON HERE TO-MORROW
"Canadian-Australian Relations" will be the subject of an address by Hon. Parker J. Moloney, Minister of Markets and Transport, at a big public luncheon in his honor at the Empress Hotel to-morrow.

Along with Mr. Moloney will be a party of Australian delegates from the Imperial Conference. In view of the fact that the Minister has recently been engaged in drawing up a new trade agreement between this Dominion and Australia, his message is being anticipated with keen interest by many. The luncheon is being held under the joint auspices of the local branch of the Canadian Manufacturers' Association, the Canadian Club and the Chamber of Commerce.

Of the forty-eight, thirty-one are Ontario firms, twelve Quebec, two British Columbia and one each Saskatchewan, Nova Scotia and Prince Edward Island.

The provincial department of agriculture at Victoria is one of the British Columbia exhibitors.

MAYOR SEES CITY FACING BIG PROBLEM

Adverse Circumstances Combine to Injure Civic Financial Position

Expresses Optimism on Outcome, However; Few Committee Changes

Stressing the serious financial position of the city through a number of causes, but expressing the hope that it would be overcome with a minimum of disturbance to the city, Mayor Anselm delivered a short but concise inaugural address to the 1931 City Council yesterday evening.

Reduction of revenues from various sources was mentioned by the Mayor, who said that perhaps never before had such a combination of adverse circumstances faced a Victoria government.

Committees struck by the Mayor for this year show only a few minor changes with no alterations in the chairmen.

MAYOR'S ADDRESS
The Mayor's address follows: "This is the third occasion on which I have been privileged to address you at the commencement of a new council year, and I am not ungrateful of the debt of gratitude I owe to the citizens of the Capital City of the province for the great honor they have conferred on me by electing me to the most responsible office in their gift to bestow."

"It is with pleasure that I welcome in return to the aldermanic bench my colleagues of the last two years standing: Aldermen Straith, Adams and Eitchfield, members who have given unsparringly of their time to the public service."

"We welcome also to-night to the council of the city, Alderman R. T. Williams, who, from a municipal viewpoint is a stranger to me; nevertheless held a similar office and was present in the council deliberations in this very chamber as far back as 1895, almost before I had seen the light of day."

"The council is privileged to have an entirely new face in the person of Alderman T. W. Hawkins, representative of the younger business element of the city, and one who, in consequence of his commercial training should be of great benefit to us in our deliberations."

MINISTER CONSIDERS UNIVERSITY
Memorandum of Governors Will Be Taken Under Advisement

Affairs of the University of British Columbia will be given serious consideration by Hon. Joshua Hinchliffe, Minister of Education, and then be placed before the Council of Public Instruction, the Minister intimated to-day, on his return from Vancouver, where the Board of Governors discussed University affairs in general with Hon. J. W. Jones, Minister of Finance, and Mr. Hinchliffe.

The Board of Governors outlined the affairs of the University to the Minister and presented Mr. Hinchliffe with a written memorandum giving its conception of the responsibility of the Government for the direction of the policy of the University in the interest of the province and pointing out that it was the duty of the Board of Governors to carry out such policy as the Government may determine. It asked the Government to indicate what that policy should be.

"It is an extensive document covering the whole status of the University," Mr. Hinchliffe said this morning. "I had not seen it until yesterday and I am taking it under advisement. It contains far too much material to be grasped hurriedly but after I have digested it I shall take it up with the Council of Public Instruction. Until that time I can make no comments."

A Vancouver dispatch stated that after the meeting Dr. L. B. Klink, president of the University, stated the board had decided to give out no information at present regarding the matters under discussion. He said the board took the attitude that it was the duty of the Government to finance the University.

CONFERENCE ON FARM AID AT WINNIPEG

Bennett and Three Prairie Premiers Also Discuss Other Plains Questions

Federal Prime Minister and Weir Are to Travel to Ottawa To-morrow

Canadian Press
Winnipeg, Jan. 6.—Four premiers are in conference here to-day on matters relating to the prairies. St. Hon. R. B. Bennett, Prime Minister of Canada; Premier John Bracken of Manitoba; Premier J. T. M. Anderson of Saskatchewan; and Premier J. E. Brownlee of Alberta spent the whole forenoon talking in Premier Bracken's office. They continued their discussion this afternoon and possibly will meet again this evening.

While the question of affording relief to prairie farmers suffering from poor crops and low prices is being discussed, the premiers are spending most of their time cleaning up matters arising out of the transfer of the natural resources from the Dominion to prairie provincial control. No announcement has yet been made as to the details of the arrangement under which the Dominion and the provinces will co-operate in farm relief, but with the arrangement practically settled, only final details are being discussed to-day.

Before meeting the provincial premiers to-day Mr. Bennett conferred with John I. McFarland, general manager of the Central Selling Agency of the wheat pools on the question of wheat markets.

The Prime Minister will probably be the guest this evening at a private dinner to be given in his honor by leading Conservatives. He will leave for Ottawa to-morrow morning, and will be accompanied by Hon. Robert Weir, Minister of Agriculture, who is in Brandon to-day.

AMERY GOES OUT SKIING AND BREAKS ANKLE

London, Jan. 6.—Sir Hon. L. C. M. S. Amery, former Conservative Secretary for the Dominions, broke an ankle while skiing at Engadine, Switzerland, it was reported here to-day. It is not expected he will be inactive for long.

Mr. Amery is well-known for his love of winter sports and mountain climbing, and has made a number of notable ascents in the Canadian Rockies.

Royal City Police Deny Third Degree Accusation

LATIMER OFF DOCTOR'S ROLL

Appeal Court Upholds Ruling of College of Surgeons

The name of Dr. Victor E. Latimer, sixty-four-year-old Penitentiary physician, who recently figured in a tar and feathering incident in Penitentiary, must be stricken from the register of Physicians of the College of Physicians and Surgeons of British Columbia, under a judgment handed down by the B.C. Court of Appeal when the sitting opened in Victoria this morning.

In addition to restoring the findings of the college, the Court of Appeal ruled against the Penitentiary physician in a judgment handed down to-day on his appeal heard in Vancouver from an order of the Medical Council erasing his name from the register of College of Physicians and Surgeons of British Columbia.

Patel Is Given Sentence in India

Bombay, India, Jan. 6.—Vallabhbhai Patel, former acting president of the All-India National Congress, to-day was sentenced to nine months' simple imprisonment after arrest December 6 at Ahmadabad in connection with a speech made in Bombay.

Machines Which Left Bolama, Portuguese Guinea, Alight in Harbor at Port Natal, on Northeast Coast of Brazil; One of Seaplanes Forced to Alight at St. Paul's Rocks and Taken in Tow by Cruiser; Another Delayed in Reaching Natal; Twelve Machines in Squadron.

SENTENCES REBEL LEADERS IN SPAIN

While the great majority of the leaders of the recent uprising in Spain have been released from prison, a few still are serving sentences imposed after trial by Gen. Lascaso, President of the Council of War, a picture of whom appears above.

Rio de Janeiro, Brazil, Jan. 6.—A National Telegraph dispatch to-day said one of General Italo Balbo's fleet of twelve transatlantic seaplanes had been forced down by motor trouble in the sea off San Pedro and the San Paulo Islands, St. Paul's Rocks, and had been taken in tow by an Italian cruiser stationed nearby.

PASS OVER LAND
Fernando do Noronha, Brazil, Jan. 6.—Eleven seaplanes of General Italo Balbo's fleet of twelve seaplanes over this little island, 123 miles from the Brazilian mainland, between 2 and 4 o'clock this afternoon (between 8 and 10 this forenoon, Victoria time), but the handful of inhabitants here had not sighted the twelfth.

They came first in a group of six, then another of three. The twelfth and eleventh followed within a few minutes of each other, heading straight for Natal, on the mainland, the fleet's first port of call.

It was the first squadron of planes in history to cross the Atlantic. All other crossings were made by single planes.

NATIVE SON DIED MONDAY

Late James H. Dodd Born in Gorge District Sixty-two Years Ago

James Henry Dodd, a native son of Victoria, passed away yesterday afternoon at the Jubilee Hospital, aged sixty-two years. He was born in Victoria, his parents being the late Mr. and Mrs. Martin Dodd, well-known pioneers of the Gorge district, and he received his education at the old Craigflower School.

Mr. Dodd was for a number of years in the grocery business in Victoria until ill-health necessitated his retirement. He is survived by his widow and one daughter, Mrs. Robert Daniel, residing at 735 Queen's Avenue, three grandsons, a sister, Mrs. W. Rowland of Victoria, and three brothers, Martin and John Dodd of Victoria and William of Atlin, B.C.

The remains are being deposited at the St. Paul's Chapel pending funeral arrangements which will be made later.

COLD STORAGE ASKS CITY FOR ITS GUARANTEE

Notice Filed Claiming Sum Under City's Agreement; to Consider Position

Notice has been served upon the city of Victoria calling for the city's guarantee on the profits of the Victoria Cold Storage and Terminal Warehouse Limited, it was revealed by Mayor Anselm at yesterday evening's meeting of the City Council.

While no stated claim is made, the city's guarantee calls for seven per cent on an investment of \$500,000, or \$35,000. Notice was filed by J. Arthur Larus, receiver for the company, through E. C. Fields, counsel. It calls for the city to put up the difference between the specified earnings of seven per cent and the amount earned by the company. Balance sheets accompanying the claim show, however, that on December 31, 1930, the company had a deficit of \$90,955.16. On January 31, 1931, the deficit was \$32,341.60, covering five months' operations.

Although no definite opinion was expressed by City Solicitor Fringle, the mayor in his inaugural address, intimated that certain conditions in regard to the agreement might not have been complied with and that the city was therefore not yet liable for the amount. The finance committee with the city solicitor will consider the city's position in the matter and report back to the council.

MAJOR'S SON DIED MONDAY

Late James H. Dodd Born in Gorge District Sixty-two Years Ago

James Henry Dodd, a native son of Victoria, passed away yesterday afternoon at the Jubilee Hospital, aged sixty-two years. He was born in Victoria, his parents being the late Mr. and Mrs. Martin Dodd, well-known pioneers of the Gorge district, and he received his education at the old Craigflower School.

Mr. Dodd was for a number of years in the grocery business in Victoria until ill-health necessitated his retirement. He is survived by his widow and one daughter, Mrs. Robert Daniel, residing at 735 Queen's Avenue, three grandsons, a sister, Mrs. W. Rowland of Victoria, and three brothers, Martin and John Dodd of Victoria and William of Atlin, B.C.

DOUKHOBOR PUPILS ARE THREATENED

Extremists' Bomb Warning Keeps Children From Schools South of Nelson

Nelson, B.C., Jan. 6.—School attendance among the Doukhobor colonies south of Nelson was not normal to-day owing to community Doukhobors fearing harm would come to their children if they should send them to the classrooms.

On Friday last the community received an anonymous letter declaring children sent to the schools would be blown up.

To-day some children showed up, but when guards were not placed around the schools they left. The attendance at the main Doukhobor school was not greatly affected.

FOUR MEN IN MINE ARE KILLED BY EXPLOSION

Beckley, W.Va., Jan. 6.—Four miners were killed and four others were injured to-day after an explosion in the Glen Rodgers mine of the Raleigh Wyoming Coal Mining Company. The explosion occurred in a section of the workings a mile and a half underground.

Rescue workers brought out four bodies and were digging through falls.

BIG FUNERAL PARADE TO BE HELD IN PARIS

Thousands of French and Other Citizens Will Pay Honor at Joffre Tomb To-morrow

Canadian Press
Paris, Jan. 6.—Frenchmen to-day gazed for the last time on the familiar, beloved features of "Papa" Joffre, first Marshal of republican France, Hero of the Marne and commander of the French armies in the first two years of the Great War.

Sixty-five thousand persons were estimated to have filed by the catafalque in the chapel of Ecole Militaire from 9 a.m. yesterday till 11 p.m., and many more thousands viewed the body to-day.

The evening body will be removed to the Cathedral of Notre Dame for the last requiem of the church. To-morrow at dawn it will be taken from the cathedral and in an impressive cortege as elaborate as that of the Marshal Joffre funeral nearly two years ago, carried to the Arc de Triomphe, and to the Invalides for burial not far from the tomb of Napoleon.

STORY OF VOYAGE OF PLANE GROUP

Log of the Italian Atlantic seaplane group's flight, the hours being given in Victoria time, follows: Dec. 17—Orbetello, Italy to Cartagena, Spain, 730 miles.
Dec. 18—Cartagena to Kenitra, Morocco, 425 miles.
Dec. 23—Kenitra to Villa Cisneros, West Africa, 1,000 miles.
Dec. 24—Villa Cisneros to Bolama, Portuguese Guinea, 815 miles.
Jan. 5, 6 p.m.—Took off for Natal, Brazil, 1,600 miles.
Jan. 6—Bolama to Natal, 1,600 miles.
Jan. 6—Natal to Rio de Janeiro, 1,600 miles.
Jan. 6—Rio de Janeiro to Pernambuco, 1,600 miles.
Jan. 6—Pernambuco to Recife, 1,600 miles.
Jan. 6—Recife to Fortaleza, 1,600 miles.
Jan. 6—Fortaleza to Natal, 1,600 miles.

PRICES OF AUTO TIRES ARE CUT FOR CANADIANS

Reductions Announced To-day Are in Line With United States

Canadian Press
Montreal, Jan. 6.—General reduction of tire prices in Canada has been announced by the Rubber Association of Canada. The price cuts range from ten to fifteen per cent over the full list of the various types of tires.

The new price lists are now effective.

Only on one or two classes of truck tires will the new 1931 prices be higher. The lower prices here follow the trend of a similar move in the United States.

FIFTY MEN ON ICE ADRIFF IN CASPIAN SEA

Astrakhan, U.S.S.R., Jan. 6.—Rescue parties were mobilized and set to work to save the lives of fifty fishermen and their families who were carried out in the Caspian Sea yesterday when a huge mass of ice on which they were fishing broke loose from shore.

FIRST PLANE GROUP IN HISTORY CROSSES THE ATLANTIC

(Continued From Page 1)

LONGEST STAGE
When the aviators took off to-day they started the longest and most difficult stage of a nearly 7,000-mile air journey commenced December 17, with the departure of the twelve Savoia Marchetti seaplanes and two supply seaplanes from Orbetello, Italy, for Rio de Janeiro, Brazil. The flight may be compared to the flight of the twelve Savoia Marchetti seaplanes from Rio de Janeiro, Brazil, to Natal, Brazil, which was completed on December 24.

MRS. ADAMS-BECK, FAMED WRITER, DIES IN JAPAN

(Continued From Page 1)

Victoria and were so charmed with it that they decided to settle here and for a number of years lived on Mount Joy Avenue, Oak Bay. While here she wrote a number of books and articles, including the historical novels under the name of E. Barrington, which won instant acclaim.

WRITING "THE DIVINE LADY"
Perhaps the best-known of this series, dealing with famous characters in British history, was "The Divine Lady," which has since been filmed in Hollywood. Others of the series were "The Glorious Apollo," "The Exquisite Perfidy," "The Chaste Diana," and her most recent publication, "The Loves of the Gods."

UNITED STATES GOVERNMENT MAKES FULL USE OF RADIO

The United States Government uses more than 450 broadcasting hours over the networks of the National Broadcasting Company, according to records recently compiled. During the year the government was the largest individual user of radio, President Hoover himself made twenty-seven appearances on the air.

MAN WHO RECEIVED MONTHLY WAGE FOR HAVING HEADACHES HAS DOUBTS ON INDIA PLAN

Associated Press
Chicago, Jan. 6.—Prepared to put a lot of money into his work, Theodore Roberts, a twenty-three-year-old electrician from Lake Geneva, Ill., to-day was ready to take up his duties at the University of Illinois research and educational hospital.

He was selected out of 750 applicants having the worst migraines headache, which the hospital physicians desire to study with the purpose of finding the cause and a cure. All he has to do is deliver a few good headaches a month and submit to laboratory tests, for which he will receive \$50 a month, with free board and lodging.

BUS CAUGHT FIRE AFTER MINERS OUT

Blaze Started Under Driver's Seat at Extension, Causing Considerable Damage

Special to The Times
Nanaimo, Jan. 6.—A stage, operated by the McMurtry Transit Company, conveying miners to Extension Mine, caught fire and was completely destroyed after the passengers had landed. The fire started under the seat of the driver, who, giving the alarm, was assisted by residents in extinguishing the fire, but not before considerable damage had been done. The stage and passengers are insured.

MAYOR SEES CITY FACING BIG PROBLEM

(Continued From Page 1)

"I think we should realize at the outset that this council is faced with many problems of great moment to the city. Perhaps never before have such a combination of adverse circumstances faced a Victoria Council, but that we shall overcome them to the best of our ability, and with a minimum of disturbance to our citizens, I have no doubt.

UNEMPLOYMENT
The great problem of unemployment has been a very serious one for the city's financial resources, but it was a problem that had to be faced and dealt with. The council has decided to devise a plan which will continue so long as world-wide depression lasts as to be some extent a charge on the city's resources.

LATIMER OFF DOCTORS' ROLL

(Continued From Page 1)

Columbia for alleged unprofessional conduct.

Mr. Justice McPhillips would have allowed the appeal of Dr. Latimer and restore his name to the register.

Mr. Justice W. A. Macdonald, in Supreme Court, exonerated Latimer of a charge, which had been found by the Medical Council, that he had administered narcotic drugs to Mrs. Helen Oliver for an improper purpose. His lordship sustained the expulsion, however, on another ground and suggested the Medical Council cross appeal to have the finding restored to the register.

RENAHAN SEARCHERS MAKE STEWART BASE FOR FLIGHTS

(Continued From Page 1)

Pilot Beckmann was standing by to-day at Prince Rupert awaiting the return of the police boat P.M. 1, in charge of Constable Oliver, from Wainwright. The police launch has been patrolling the coast in search of the Renahan party.

The P.M. 1 will proceed to Stewart to make its base there and keep in touch with the search operations.

U.S. Supreme Court To Rule on Dry Law

Washington, Jan. 6.—The appeal of the United States government to test the recent decision of District Judge Clark holding the prohibition amendment invalid was advanced to-day by the Supreme Court for hearing on Wednesday, January 21.

JUDGMENTS OF APPEAL COURT

Decisions on Cases Heard in Vancouver Handed Down To-day

The following judgments were handed down this morning by the British Columbia Court of Appeal, at the opening of its sitting at the Courthouse. Chief Justice Macdonald announced the decisions.

Rex vs. Robertson's Bakeries Ltd., appeal dismissed.

Lubbe vs. Requinault Waterworks Company Limited, appeal dismissed.

Justice Martin announced he had not completed his examination and would present his judgment later.

American Securities vs. Goward, appeal dismissed.

Constance vs. Cumberland Electric Light Co., appeal allowed.

Martin and McPhillips dissenting.

Symington vs. Vancouver Breweries, appeal dismissed.

Morley vs. Sullivan, appeal allowed.

Mercer vs. B.C. Electric Railway Company Limited, appeal dismissed.

Lechtzer vs. Lechtzer, appeal dismissed and costs reduced from \$350 to \$200.

Planta vs. Greenhills, appeal allowed.

The Chief Justice, pointing out that no appeal was allowed, announced he had made and the executor was not entitled to the property.

Jackson vs. Shell Oil Company, appeal dismissed.

Mainland Committee vs. Tom, appeal quashed.

Justices Martin and McPhillips would have allowed the appeal.

Commercial Securities vs. Johnson, appeal dismissed.

Chief Justice Macdonald and Justice Galtier dissenting.

Lloyd vs. Hannaford, appeal dismissed.

Canary vs. Vested Estates, appeal dismissed.

Lee Moon Koo vs. The King, appeal quashed.

The Chief Justice, pointing out that no appeal was allowed, announced he had made and the executor was not entitled to the property.

Jackson vs. Shell Oil Company, appeal dismissed.

Mainland Committee vs. Tom, appeal quashed.

Justices Martin and McPhillips would have allowed the appeal.

Commercial Securities vs. Johnson, appeal dismissed.

Chief Justice Macdonald and Justice Galtier dissenting.

Lloyd vs. Hannaford, appeal dismissed.

Canary vs. Vested Estates, appeal dismissed.

Lee Moon Koo vs. The King, appeal quashed.

AMY JOHNSON IS LIKELY TO CANCEL SIBERIA FLIGHT

London, Jan. 6.—Amy Johnson, British aviator, to-day told the London Evening Standard by telephone from Warsaw she might abandon her solo flight to helping across Siberia.

"I hate to give up," she said, "but it seems quite likely I may have to abandon my trip."

Mrs. Johnson's plane was damaged in a landing near Warsaw. She started her journey from England January 1.

LINER STRIKES CAR VESSEL AT NEW YORK

Three Freight Cars Thrown Into River as Result of Collision in Fog

Aid Rushed Crew of Freighter Aground on Long Island; Plane Trips Cancelled

Canadian Press
New York, Jan. 6.—A Long Island Sound steamship rammed car float, a freighter sent out a distress call and maritime traffic from New York to New York Harbor included their way along to-day in a heavy fog which followed a January drizzle.

The passenger ship George Washington, bound from Boston, struck the car float in the East River, pitching three box cars into the water, making the float helpless and punching a hole in the steamship's bow. Tugs took the float in tow, and the George Washington crept on toward its pier.

Several other New England steamers anchored just below Hellgate until the fog cleared.

CREW RESCUED

The William H. Page, bound from Norfolk to Boston with coal, sent out an S.O.S. saying it was aground off Southampton, Long Island, with twenty-five men aboard, the coastguard sent to help the crew.

Perries were far behind schedule several ships postponed their departures, and even land traffic in the metropolitan area felt its way over wet pavements in the mud. A street car hit a truck in Brooklyn in the mist and eleven trolley passengers needed medical attention.

CREW RESCUED

The freighter City of New York, which picked up the crew of a fishing smack off Scotland Lightship yesterday evening, went on toward Philadelphia. The smack was sinking fast when abandoned. A number did not operate because a percentage of the members of the legislature were not nominated by the Indian native to the position of speaker.

"I am doubtful of the wisdom of attempting to impose the British theory of cabinet responsibility on a government which would differ from a British Government in almost all respects," Sir Samuel said.

LARGE PART OF BRITAIN HAS FOG AND FROST

Northern England Heavily Blanketed; Many Auto Accidents on Roads

Canadian Press
London, Jan. 6.—A large part of Great Britain to-day lay under a thick mantle of fog, accompanied by frost which in some districts was most severe. The fog was particularly dense in the north, where Lancashire and Cheshire experienced one of the worst mists of recent years.

There were more than 100 accidents on the roads of these two counties alone, with a number of injuries reported among automobile drivers and passengers. The roads were slippery and conditions were frequent.

STEAMERS DELAYED

The Mersey was fog-bound and few ferries were able to operate. Steamers of the Belfast, Isle of Man and Dublin services were entirely stopped, with similar conditions prevailing in north Ireland, where steamers from Liverpool and Glasgow were held up.

The fog was thick over the English Channel, where the lowest temperature of the winter was reported. Shipping in the Thames estuary was thrown into confusion during the night by the fog.

MANY RETURN FROM THE U.S. TO LIVE IN CANADA

Washington, Jan. 6.—An exodus of Canadians returning home from the United States and emigrants from the republic to Canada was indicated by the visa statistics for the first ten months of last year, made public to-day by the State Department.

During the period Canada received 2,297 persons from the United States than had entered from Canada.

Returning Canadians and immigrants from the United States for the period numbered 18,554, compared with 18,554 for the same period of the previous year.

The United States and returning United States citizens totaling 17,651.

PRINCESS ROYAL FUNERAL SET FOR SATURDAY

London, Jan. 6.—Funeral service for the late Princess Royal and eldest sister of King George, will be held at St. George's Chapel, Windsor, Saturday morning. It was announced to-day. She died Sunday after a long illness.

HOURS OF WORK INQUIRY

Winnipeg, Jan. 6.—Two weeks after it had granted civic employees a reduction in working hours from forty-eight to forty-four hours a week, with no corresponding cut in pay, the Winnipeg City Council yesterday evening rescinded its order and referred the whole question to a legislation committee for investigation and report. The committee was given instructions to inquire into the possibility of reducing the hours of labor and eliminating overtime.

STORM IN ONTARIO

Toronto, Jan. 6.—Just when Ontario citizens were congratulating themselves on prospects of continued fine weather, a storm of rain, hail and sleet struck the province yesterday evening, creating havoc with traffic and communication systems. Cochrane, Haliburton and other northern centres reported heavy snowfalls and zero temperatures. In southern Ontario heavy rain and sleet fell, but the weather remained mild.

**The Luxury of
Tiled Walls****Now Available for
Average Homes**

AT LOW cost, Chromite gives your kitchen and bathroom the cheerful warm coloring and washable qualities of tile. You can now cover dingy old wall surfaces, or the walls of new homes, with vividly beautiful Chromite, making the whole room glow with harmonious color.

The surface of Chromite simulates tile and is just as easily cleaned. It is readily fitted around wall contours and corners. It is light, strong, durable and will not discolor. Chromite comes in sheets with a non-corrosive metal base upon which the tile-finish is baked to flint-like hardness which will not chip, crack or scale.

Let us show you how kitchens, bathrooms or other rooms or corridors in homes, apartments, hotels or stores may be finished with this beautiful, inexpensive and permanent wall covering.

World's Wheat Champion Given World Tour

WINNER of the world's wheat championship at Chicago's International Livestock Fair for the second time, Herman Trele, Peace River District, has been singularly honored by being awarded the honor of traveling the world. Trele, chairman and president of the Canadian Pacific Railway, at whose invitation he will make a trip around the world. Trele, though related to his outstanding success, attained with hard red spring, was even more pleased with the third time he was awarded for hard red winter, which he main- tains, demonstrates the feasibility of raising it in Western Canada, and also that he has moved the winter wheat line just 700 miles further north. Insert shows Mr. Trele and Mr. Beatty.

**TWO CONVICTED
MEN ARE TO BE
GIVEN LASHES**

Vancouver, Jan. 6.—"I have no sympathy for you fellows who go around the city using guns to hold up people," declared Magistrate H. C. Snav, in police court yesterday, when passing penitentiary terms and lash penalties on convicted hold-up men. "This thing must stop," the magistrate added.

Walter Stellick, convicted of a hold-up which yielded him seven dollars on Christmas Eve, was sentenced to three years in the penitentiary and ten lashes.

Gust Carson, who attempted a store hold-up, received two years and ten lashes.

Jack Arnold, for an attempted hold-up of a taxi-driver, received two years in the penitentiary.

Salt Spring**Special to The Times**

Ganges, Jan. 6.—Mr. and Mrs. J. D. Halley and Mr. and Mrs. A. J. Smith were joint hosts and hostesses recently at progressive bridge, held at the latter's home at Ganges, in honor of Miss Betty and Mr. Kenneth Halley. Eleven tables were in play, the first ladies' prize being won by Mrs. T. F. Speed, first gentlemen's by W. Collier, second ladies' prize was taken by Mrs. R. Rush, second gentlemen's by Mr. Geoff Scott, consolation prizes going to Mrs. J. Mitchell and Kenneth Halley. Among those present were Mr. and Mrs. E. A. Crofton, Mr. and Mrs. Frank Crofton, Mr. and Mrs. A. Inglis, Mr. and Mrs. D. Layton, Mr. and Mrs. Harold Price, Dr. and Mrs. R. Rush, Mr. and Mrs. H. A. Robinson, Mr. and Mrs. W. E. Scott, Mr. and Mrs. Frank Scott, Mr. and Mrs. Cecil Springfield, Major and Mrs. F. C. Turner, Mr. and Mrs. A. B. Cartwright, Mrs. A. B. Elliott, Mrs. T. Cartwright, Mrs. Moorhouse, Misses P. Aitken, Denise Crofton, D. Moorhouse, M. Scott and Shirley Wilson, and Messrs. H. W. Bullock, K. Butterfield, L. H. Garnett, V. C. Morris, R. Price, C. F. Roberts and Scott Robinson.

The Ganges Athletic Club is expecting a big night on January 16 when three basketball teams will visit from Duncan. The games will be played in the Institute Hall at Port Har- bor. Pufford boys will meet the senior "City Cigars" Ganges Athletic will play the senior "High Canadian Scottish" and the Salt Spring girls with try conclusions with the Duncan girls. A supper and dance will follow.

P. Crofton of Ganges is spending a holiday in Vancouver where he is the guest of Mr. and Mrs. Ewing.

Miss Lois Wilson of central Salt Spring, returned home on Wednesday after spending several days in Victoria the guest of Mr. and Mrs. C. Swayne.

Miss Babs Foeller of Vancouver who has been the guest of Mr. and Mrs. Kingsbury at Ganges for a few days has returned home.

Miss Edna Morris, Pufford Harbor, has been spending a holiday in Victoria, the guest of her aunt, Mrs. Addison.

Misses Doris and Kathleen Dane have returned to their home in Victoria after visiting Pufford where they were the guests of Mr. and Mrs. A. J. Eaton.

Capt. Macgregor and Mrs. Macintosh have returned to "Bluebird," Beaver Point, after a visit to Lady Macintosh in Victoria.

Rev. G. Dean and Miss H. Dean have returned to their home on Ganges Hill, after three weeks' visit with relatives in Vancouver.

B. Chandler of Vancouver has been spending several days on the island where he was the guest of Mr. and Mrs. A. B. Elliott, Ganges.

Derry T. returned to Victoria on Thursday after being the guest of Mr. and Mrs. A. G. Crofton at Ganges.

Douglas Hamilton accompanied by his brother Fred Hamilton, left Ganges on Friday, after spending the New Year holidays on the island with relatives.

After spending two weeks at Ganges with her parents, Mr. and Mrs. W. E. Scott at "Rockridge," Miss M. Scott left on Tuesday for Duncan where she will resume her duties on the staff of the King's Daughters Hospital.

Mrs. Douglas Layton and two sons who have been visiting Mr. and Mrs. F. Crofton at Ganges Harbor have left for Victoria, where they will be guests of Mr. and Mrs. Scott Ritchie.

Graham Shore left on Thursday for Powell River, after visiting friends at Ganges.

Mrs. Arthur Inglis and two small sons were recent visitors to Victoria.

**LIBERALS OF
BRITAIN STATE
INDIA VIEWS****At London Conference Lord
Reading Says Party Approves
Responsible Government**

London, Jan. 6.—The conception of the responsibility of the government of the new India presented to the India Round Table Conference here by Sir Tej Bahadur Sapru, Hindu moderate, was approved yesterday by Lord Reading, spokesman for the British Liberal Party.

Roughly, this scheme envisages an initial cabinet of the government of the new India, responsible to the new Federal Parliament, and administering all matters with the exception of national defence and foreign affairs, which is considered should be left to the Imperial Government for some time to come.

Defence and foreign affairs would be administered by ministers appointed by and responsible to the "Victory." These ministers would be separated from the general ministers in that they would have no vote on matters the Indian cabinet would administer, just as the general ministers would have no vote on the reserved subjects.

VICTORY'S POWERS
Lord Reading, a former Viceroy of India, accepted the scheme in all essentials. The Liberal delegates stood for the responsible self-government in India, stressed. He held that the powers of the Viceroy to act in an emergency should be continued, and furthermore that a government should not be dissolved except on a majority vote of the Viceroy, even three-quarters of the entire Legislative Assembly. "But it must be inherent in the Viceroy to have the power to dissolve the ministry if he believes it has lost the confidence of the House," he said.

Defence being a reserved subject, Lord Reading suggested army costs should be budgeted in such a way that the Viceroy could defray army expenditures without the necessity of applying to the Legislature.

So far as law and order was concerned, Lord Reading agreed administration should be transferred to the provincial governments. Where disturbances bedeviled the position, the Viceroy should have power to act, and the Viceroy, regardless of the province, should have the power to create power to safeguard peace and tranquillity.

A convention to guard against such trade discrimination as was indicated in the boycott on British goods, protection of minority rights, safeguards against inflation currency, and the right of the Viceroy to disallow certain bills were other points in Lord Reading's speech.

Mr. Hon. Srinivasa Sastry, noted Indian statesman, thought the numerous safeguards hedging the position of the Viceroy would only help to create suspicion. Power should be transferred not merely to the conservative elements of India, but to the people of India themselves, he argued.

**POPE TO MAKE
STATEMENT ON
MARRIAGE**

Rome, Jan. 6.—The strict Roman Catholic doctrine on marriage is expected to be reiterated and emphasized in the Encyclical Pope Pius will issue this week.

The Encyclical, it is understood, will restate Catholicism's disapproval of divorce, and will emphasize that only by continence within the marriage state can families be limited without transgressing divine law.

As seen here this restatement will comprise the Pontiff's answer to a qualified admission of birth control in certain cases which the Anglican bishops made in the Lambeth Conference held in London last summer. It is understood too that mixed marriages will be the subject of special comment in the Encyclical, which probably will re-emphasize the duty of bishops before granting dispensations for such unions to obtain a written promise from the non-Catholic confederate partner to renounce the right of worship by the Roman Catholic party. It is expected to be also a reiteration of the duty of the Roman Catholic party to pray unceasingly for the conversion of the non-Catholic spouse and by force of example and piety of life to induce the conversion to a Roman Catholic.

**MORE STUDENTS
BUT LESS CASH
AT COLLEGE NOW****Employment Scarce in These
Hard Times For Those
Working Way Through****Loans to Students at Toronto
Increased By 400 Per Cent
and Supply Exhausted**

Toronto, Jan. 6.—The peculiar effect of a business depression on higher education was revealed at the University of Toronto. There has been a substantial increase in registration but the students themselves are financially less well-to-do.

Figures for the years 1930-1931 show a registration of 7,189, as compared with 6,759 for last year—an increase of 430 or 6.4 per cent.

The explanation in the office of the registrar was that matriculants who decided to continue their education because they were unable to find a position in the business world, probably outnumbered the "Son John" whose fond hopes for financial reasons were unable to send them on to college.

The financial status of the average student was shown in the office of the Alumni Federation.

"Our loans to students have increased by 400 per cent," stated K. B. Conn, secretary-treasurer of the federation. "We have loaned as much in the last three months as we did in the previous three years."

Mr. Conn attributed this increase to the fact that students, who in other years had managed to work their way through college, have been unable to obtain part time employment.

Mr. Conn said there were two types of loans. The first, the student loan of loans, is generally reserved for students in the last two years. Two hundred dollars may be loaned to one student in one year, and not more than \$400 during his college course, except under special circumstances. "They start to repay this loan immediately after graduation—we hope," said Mr. Conn.

There is a second type which works on a much smaller scale in amounts of not more than \$100, being loaned without interest and without security for a period of one year. In all years not one cent has been lost through failure of students to repay a loan.

"The money which we have available for loans is exhausted," stated Mr. Conn. "We hope to have an additional amount by January 15. We could use about \$10,000 right now."

**U.S. GREATLY
REDUCES ITS
IMMIGRATION****By Ken Clark, Canadian Press Staff
Writer.**

Washington, Jan. 6.—The State Department yesterday disclosed its opposition to imposition of an immigration quota on Mexico and, by inference, on Canada.

In a statement issued to the press, showing a reduction in immigration from Mexico for the current fiscal year of 93.3 per cent as compared with 1929, the State Department wound up with the flat statement: "The problem of new immigration from Mexico through legal channels would therefore appear to be indefinitely solved."

The statement pointed out that during November of last year only 189 visas had been issued to Mexican immigrants and these included wives and minor children of United States citizens, students, ministers of religion, professors and Mexicans previously resident in the United States.

The reduction, although the statement did not say so, was largely brought about by strict interpretation of the public charges clause of the present immigration law.

This clause is also being applied to Canadian immigration and has resulted in a cut of more than 70 per cent in the inflow of population from the Dominion.

The monthly meeting of the members of St. Matthew's Guild will be held on Wednesday afternoon at 2:30 o'clock at the home of the vice-president, Miss L. M. A. Savory, Swastika, Florence Lake Road. The business will include reports of the last year's work and election of officers for 1931.

A tracking expedition was undertaken by Girl Guides at their weekly meeting held on Saturday afternoon. Practices for passing various tests connected with the second class badge were done by the girls. The guides are indebted to Mr. Goddard of Sidney for snapshots taken by him of the local company.

NOT WANTED

A FEW YEARS AGO VICTORIA VOTED against beer parlors within its corporate limits in a plebiscite instigated by the brewing interests. The majority of the voters were convinced that these parlors would be as detrimental to the welfare of the community in many ways as open bars would be, and they definitely said so.

Another attempt is being made to establish these resorts in the city and a plebiscite will be submitted to the voters on January 14. There is no indication that there has been any change of attitude on the part of Victoria to this question. Indeed, in an economic sense conditions are more unfavorable for the operation of beer parlors now than they were when the last plebiscite was taken.

In Saskatchewan recently a number of beer parlors were closed by the government because they were regarded as detrimental to general business, their tendency being to divert patronage away from the ordinary channels of trade. Beyond question this would be one of the consequences of the establishment of beer parlors in Victoria. Other objectionable features of these resorts are so obvious that it should not be necessary to place any emphasis on them.

Beer can be purchased easily enough at the government liquor shops, so the refusal of the voters of Victoria to permit the establishment of open resorts in the city does not prevent people obtaining this beverage as they want it. It only prevents them buying and drinking it under conditions approximating those which existed in the days of the open bar.

TITLES IN CANADA

THE TORONTO TELEGRAM, a staunch Conservative newspaper, does not think that Mr. Armand Lavergne's proposal for the restoration of titles will make any further progress in the House of Commons than the many other similar efforts that have been made since Parliament abolished the system in 1919.

The movement for the abolition of titles in Canada arose in 1918 during Sir Robert Borden's administration when W. F. Nickle, Conservative member for Kingston, introduced a motion with this object in view. Sir Robert followed this with an Order-in-Council announcing his government's intention to ask His Majesty to grant no more "hereditary honors in Canada," and no titles of any kind except upon the advice of the Canadian Prime Minister. This did not go far enough for Mr. Nickle, who moved in Parliament on April 14, 1919, the Address to the King, praying that the sovereign "hereafter may be graciously pleased to refrain from conferring any titles upon your subjects domiciled or living in Canada, it being always understood that this humble prayer has no reference to professional or vocational appellations conferred in respect to commissions issued by Your Majesty to persons in Military or Naval Services of Canada or to persons engaged in the administration of Justice of the Dominion."

Sir Thomas White, Conservative, who was acting Prime Minister at the time, moved an amendment to Mr. Nickle's motion proposing that "the subject matters of the said motion and amendment together with the questions of conferring honors, titular distinctions and decorations upon the subjects of His Majesty ordinarily resident in Canada, including those who have performed overseas, in Canada or elsewhere, naval, military or civilian services in connection with the War be referred for consideration and report to a Special Committee." In moving this amendment he asked for careful consideration and declared that "the attitude of the House would, without doubt, be of the utmost value for the guidance of the government." A committee then was appointed and its labors resulted in the following proposal to Parliament:

We, Your Majesty's most dutiful and loyal subjects, the House of Commons of Canada in Parliament assembled, humbly approach Your Majesty, praying that Your Majesty may be graciously pleased:

(a) To refrain hereafter from conferring any title of honor or titular distinction upon any of your subjects domiciled or ordinarily resident in Canada, save such appellations as are of a professional or vocational character or which appertain to an office.

(b) To provide that appropriate action be taken by legislation or otherwise to ensure the extinction of an hereditary title of honor or titular distinction and of a dignity or title as a Peer of the realm, on the death of a person domiciled or ordinarily resident in Canada at present in enjoyment of an hereditary title of honor or titular distinction or dignity or title as a Peer of the realm, and that thereafter no such title of honor, titular distinction or dignity or title as a Peer of the realm shall be accepted, enjoyed or used by any person or be recognized.

All of which we humbly pray Your Majesty to take into your favorable and gracious consideration. After a fairly lengthy discussion of the foregoing report the House of Commons voted on it and approved it by the very decisive vote of ninety-six to forty-three. Since then a number of attempts have been made to repeal this decision, but all of them have been defeated by large majorities.

The record shows, therefore, that while the question of titles had no party aspect, the abolition movement was instigated by a prominent Conservative and carried out by a government whose leader was a Conservative, although at that time the administration of Canada was under what was called the "Union government," which later became the Conservative government, led by Mr. Meighen.

THE THINGS HE MISSED

THERE IS SOMETHING INTENSELY human and revealing in that story about the New York family that gave an elaborate and expensive funeral to its dead son even though the family had been almost destitute for months.

The family had been having hard luck for a long time. For months the father had been out of work. Then he got a part-time job that netted him \$15 a week. There were eight children, and this did not go far; indeed, the family would have been very badly off but for contributions from neighbors and charitable organizations.

Then this little boy—his name was Richard, and he was just four—was killed by an auto. And straightway the family ordered a fine casket and a good funeral for him—the whole cost \$168, which is a lot of money when you are supporting a large family on \$15 a week. Little Richard even got a new suit for the funeral, although he had never in his life had an all-new outfit.

Now that pathetic little story is somehow very appealing, because it illustrates so well the blindness, the perversity and the futile and misdirected gestures of love to which all of us, in one way or another, are heir. To spend \$168 on a funeral when one is suffering for want of food and clothing is folly, of course; but one's indignation over it is tempered by an appreciation of the sentiment that lay back of it.

And that sentiment, it seems to us, was not merely a vulgar desire to impress the neighbors. More probably it was a vague and pitiful yearning to do something for the dead youngster; a desire to make up to him, in the moment of his passing, for all of the things that he had missed in his brief life. That new suit of clothes, for instance, is a revealing touch. Richard, who never had a new suit in his life, goes to his grave in brave new finery—could that come from anything but a wish to give the little lad a last taste of the brightness he had never had? And the nice, expensive casket, and the elaborate funeral they, too, trace back to the same motive.

Of course, it was all very mistaken; just the sort of thing that causes social service workers to wring their hands and remark that some people hardly deserve help. But it is not such a hard thing to understand, after all. Human beings have a way of acting irrationally in trying times, even if it does hurt the social service workers. No grief in all of the world is quite as terrible as the grief which comes when a small child dies. And when that child's life has been, not that mixture of sunshine and laughter and brightness of which every child's life ought to consist, but a long series of denials and deprivations—well, it is easy to condemn this family for failing to act sensibly?

WHAT OTHER PAPERS SAY

GANGLAND'S DIPLOMATIC MARRIAGE
The Edmonton Journal

The return to mediæval conditions is steadily becoming more complete in Chicago. All are familiar with the power that the robber barons have obtained and the safety with which they conduct their operations, apart from attacks that may be made upon them by their rivals. The authority of the state appears to count for nothing with them. Last year they came to an arrangement under which their territory was to be divided and those paying tribute to them could be controlled with a smaller number of gunmen. The gangland chiefs are modern enough to realize the advantages of the merger in eliminating wasteful competition. But the new order of things has just been signalled by an event which takes one back over the centuries with a vengeance. This was the marriage of Al Capone's sister to the leader of another gang. Five thousand guests were entertained on a lavish scale. It was recognized that the bride had little to do with the arranging of the match, which was of a diplomatic character for the sake of signalling the alliance between Capone's gang and the other one.

THE WASSON GRATUITY

From The Seattle P.I.

Often people of the United States are called upon to recognize the grace, timeliness and practical character of official acts of our greatly esteemed neighbor at the north. The Dominion government of Canada has granted to E. L. Wasson a gratuity of \$1,000 for his heroism and persistence in rescuing two flying companions of Capt. E. J. A. Burke, lost in the Yukon wilderness. Wasson is a citizen of the United States and therefore probably has noticed the great heat our public officials show in forgetting such acts as his. Most honors here follow death and most cash payments—if any—follow the sheriff.

Not a bad country withal. But if you have anything heroic in mind, try Canada.

A THOUGHT

And King Solomon passed all the kings of the earth in riches and wisdom.—II Chronicles ix. 22.
The care of a large estate is an unpleasant thing.—Juvenal.

Twenty-five Years Ago To-day

THE VICTORIA DAILY TIMES, JAN. 6, 1906

The full court opens in this city this week. A large list of appeals are entered for argument at this sitting.

Alderman Lewis Hall will again be candidate at the forthcoming municipal election. He will run as last year in the North Ward.

For the city service it is expected that six new street cars will be added to the equipment of the B.C. Electric Railway Company. Two of these are to be devoted to the George route and four to the Douglas Street and Beacon Hill run.

Officials of the Pacific Coast Steamship Company have awarded the contract for the construction of the new steel steamer to be placed on the run between San Francisco, Victoria and Seattle to the New York Shipbuilding Company on a bid slightly lower than \$700,000. Estimates of cost ran from \$750,000 to \$800,000.

There was a very fair attendance at the meeting of the Fernwood Municipal Association last evening. It proved to really be the opening meeting of the municipal campaign. A. J. Morley, Alderman Hall and Fullerton D. Sprague, a candidate for alderman, being A. B. McNeill, a candidate for school trustee, being present. The meeting was held at the clubhouse of the Fernwood Athletic Association. Mr. Marchant presided.

On the steamer Otter, which arrived yesterday from the Sechart Whaling station, there arrived 144 tons for transshipment to Glasgow on the Blue Funnel liner Onia.

Loose Ends

Porridge and statecraft—Bath-tubs and politicians—Talkies and frightened office holders—Receptions, stags and ambres.

By H. B. W.

IN THE United States they understand the value of great names in every human activity, from governing the nation to selling cigarettes and pills. A few days ago the United States Government itself captured a great name, the name of no less a person than ex-President Calvin Coolidge, and is using it to solve the national problem of surplus wheat. In a book which the Federal Farm Board is distributing to everyone to encourage the use of wheat it is related that the breakfast porridge of Mr. Coolidge is made of two parts of wheat and one of rye, cooked in a double boiler until soft. "Fine wheat with moderate heat and is using it to solve the national problem of surplus wheat. In a book which the Federal Farm Board is distributing to everyone to encourage the use of wheat it is related that the breakfast porridge of Mr. Coolidge is made of two parts of wheat and one of rye, cooked in a double boiler until soft. Awful Headaches, Couldn't Do Work. Now Feel Like New.

"Nerves," Constipation, Also Go Quick With "FRUIT-A-TIVES"

"For a long time I was tormented with terrible headaches, constipation, nervousness, stomach trouble, sleeplessness. Why? This famous Canadian doctor's discovery combined 8 of the finest herbs with a special secret extract of apples, oranges, prunes and figs—Nature's own remedies to make and keep you well. No habit-forming drugs. Get 'Fruit-a-tives' from druggist to-day. New health, vigor quick. Results guaranteed or your money promptly refunded."

METROPOLITAN PLANS SUNDAY CONCERT SERIES

Twelve Afternoon Entertainments Before Easter; First Next Sunday

Metropolitan United Church will sponsor a series of twelve Sunday afternoon concerts similar to the nine "twilight recitals" held last year. Several musical organizations will co-operate, including the Arion Club, Schubert Club, Victoria Ladies' and Victoria Male Chorus, and the Fairfield Festival Chorus. An orchestral programme will be offered by the Kiwanis Club. The series will commence next Sunday and continue until Easter Sunday, April 5, each recital commencing at 4 o'clock and lasting one hour. The schedule will be:

- January 11—St. Andrew's Presbyterian choir.
- January 18—Victoria Male Choir.
- January 25—Kiwanis Club.
- February 1—Schubert Club.
- February 8—Left vacant on account of cantata to be given at First United Church.
- February 15—Fairfield Festival Chorus.
- February 22—Victoria Ladies' Choir.
- March 1—Arion Club.
- March 8—Centennial United choir.
- March 15—City Temple choir.
- March 22—First United choir.
- March 29—Oak Bay United choir.
- April 5—Metropolitan United choir.

ROCK SLIDE BLOCKS HIGHWAY

Vancouver, Jan. 6.—The Fraser Canyon Highway is closed as a result of a heavy slide of rock at Saddle Rock, according to a wire received by the Vancouver branch of the Automobile Club of British Columbia. The slide was a big one, according to the report, having partially destroyed a bridge. It is expected the highway will be impassable for some time.

WANTS HIS OLD FRIENDS IN MAN. TO KNOW OF IT

"I hope my old friends back in Manitoba where I farmed for thirty years will read this statement about how I recovered my health taking Sargon," said Alex S. Gordon recently.

ALEX S. GORDON

3818 Yaw Street, Vancouver. "They all know what a desperate fight I had for my life after three operations. I never did rightly recover and then, three months ago, I was seized with a severe septic gastritis that put me 'right down.' I couldn't keep a thing on my stomach; had pains in my right side and both legs, and was nervous and weak. The results I've gotten from Sargon are almost unbelievable. There's not a pain or ache left in my body; my nerves have steadied and I've gained eight pounds. I also used the Sargon Pills for constipation and never have found a laxative that acted as easy and yet had such a complete effect. The first thing I do every morning now is to get my dose of Sargon—then I'm right for the day."

Sargon may be obtained in Victoria and Vancouver from all Owl Drug Stores; in New Westminster from the Bews Drug Co.; in Esquimalt from Fulmer's Drug Store; in Oak Bay from Charles McDougall; in Sidney, Vancouver Island, from Sidney Pharmacy; and in Nanaimo from Kennedy Drug Co. (Advt.)

ACCLAMATION EXPECTED FOR REEVE ELRICK

Return of Esquimalt Municipal Head Without Contest Again Is Predicted

Keen Fight For Council Seats at Polls Next Week Looms Up

REEVE JAMES ELRICK

WITH nomination in Esquimalt only a week off, followers of municipal politics are predicting the return of Reeve James Elrick by acclamation for the fifth successive time. To date those interested in council affairs in the district have restricted their activities to the general board, where a contest is expected for the three seats.

W. J. Cox is the only member whose term is expiring who has announced his decision to seek re-election. It is expected that both councillors Alex Lockley and A. T. Farley will seek re-election. Three other candidates, R. A. Anderson, 881 Craigflower Road; David Henry, 834 Craigflower Road; and G. W. Brooker, 1387 Esquimalt Road, have stated their intention of seeking seats and promise those standing for re-election a good fight. J. E. Palmer Jr., 635 Viewfield Road, police commissioner for the last four years, will again seek office.

NOT HEARD FROM

W. H. Dalway and Sarah King, school trustees, whose terms are expiring, have not yet been heard from. Mr. Anderson, who will contest a seat on the council, was a member of the municipal body for several terms some time ago. Mr. Henry is a resident of long standing in the district and is a cousin of the premier of Ontario. Mr. Brooker has previously stood for election but has been unsuccessful.

ZONING BY-LAW PASSES COUNCIL

Amendment Measure Given Final Reading at First Meeting of New Board

Victoria's second amendment by-law to the much-discussed Zoning By-law reached its last lap before the city council yesterday evening and now only awaits reconsideration, adoption and final passage next week before going into force.

With one change to be made in regard to apartments in the Rockland Avenue area, the by-law was considered in committee and passed, despite a last-minute attempt to block it by Aldermen Dewar, Worthington and Williams.

Alderman Dewar suggested the new members of the council be given an opportunity to investigate the by-law and Alderman Williams expressed himself as opposed to ratifying any measure.

"Railroading is not done now, although it might have been in 1925," said the Mayor. Alderman W. T. Straith pointed out the recommendations in the by-law had been made six or eight months ago and most members of the council were in absent. There was no excuse for any more unreasonable delay, as several people were awaiting building permits which they would get under the by-law. He moved it be studied by committee and was seconded.

DELAY MOVE DEFEAT
An amendment by Alderman Worthington, seconded by Alderman Williams, to lay the matter over for a week was beaten.

Several matters of minor importance were dealt with by the council. A communication from the Victoria Trades and Labor Council, protesting increasing of assessments because houses were stuccoed, was referred to the finance committee.

LEASE COMPLETED

Leasing of city property at the corner of Humboldt and Government streets to the Imperial Oil Company for the purposes of a gas station was approved.

The council decided to hear petitioners against the building of an undertaking establishment on the corner of North Park and Quadra streets next Monday night.

Supportive action taken by the Chamber of Commerce, the city will communicate with the Board of Railway Commissioners seeking an immediate start on the provision of interchange track facilities between the C.N.R. and C.P.R.

FIRE AND SUICIDE ATTEMPT

Major, Jack, Jan. 6.—Albert Koslowsky, twenty-five-year-old farmer of Fusilier, Sask., was arrested yesterday evening after setting fire to his granary, barn and house and attempting to drown himself in an old well. Neighbors attracted to the farm by dense smoke, rescued Koslowsky from the burning buildings. Damage estimated at \$2,500 was caused by the fire. Four head of cattle were destroyed and about 800 bushels of oats.

January Sale News for Wednesday

Women's Smart Felt Hats

Regular to \$10.00 Each. **\$2.98**

THE SPORTS MIRROR

Fine Fixture List For Third Annual Event Next Month

B.C. Loses Fine Athlete in Retirement of John Cameron

Has Captured Many All-round Championships Since 1911

Helene Madison and Stella Walsh Great Record-breaking Team

Former Now Holds Twenty-six World Freestyle Swimming Marks

BRITISH COLUMBIA loses a famous athlete in the retirement of John Cameron, a competitor of Chief John Cameron, of the New Westminster police, who has taken an active part in Canadian athletics for a great many years and has brought many laurels to this province. Amateur sports followed him, and he learned that while competitors will not lure him into sport any more, Cameron will devote his energies to coaching young athletes who may seek his advice. Cameron has been in New Westminster and Vancouver since 1911. He was one of Canada's representatives at the Olympic Games at Antwerp in 1920. He has been all-around champion of the Vancouver police sports continuously since 1912, with the exception of the years when no sports were held. Cameron has been a frequent competitor at local police sports, when he always cleaned up a good share of the silverware.

Cameron has featured in the shotput, hammer, discus, pole vault, hundred yards and quarter-mile. In 1919-20-21 he won the all-round championship of the Dominion police sports as well as the Dominion open at Banff in 1928. At the Dominion police sports at Toronto last summer Cameron won the hammer and shotput and was second in the discus and at the Canadian championships which followed, he won the hammer throw. Later at the British Empire Games Cameron was honored by being named to carry the Canadian flag in the opening parade of the athletes from the various colonies. In these sports he was a very strong competitor, against the best competition in the British Empire.

Cameron's outstanding performance was at the Seattle police sports in 1926, when he won the following events: Shotput, hammer, discus, twenty-five pound weight, twenty-eight pound weight and pole vault. He was described by Seattle newspapers as "the one man team from New Westminster."

Commencing on January 13 a field of about 100 golfers, ninety of them professionals, and ten or fifteen outstanding amateurs, will tee off in the battle for the honors in the second Aqua Caliente 25,000 open golf tournament, richest event in golf. The prize money will be \$10,000, a money award equal to the total prize in most other major tournaments. The second award will be \$2,500, third \$2,000, fourth \$1,500 and fifth \$1,000.

There ought to be a limit to the number of records one person may hold, but two feminine members of the youthful set seem to be the plan of giving the swimming records to one individual and permitting another to own all the track sprint marks. No limitations ever have been established, and the lack of these probably means that Helene Madison, Seattle, and Stella Walsh, Cleveland, will continue in 1931 the record-topping practice begun just about a year ago. Helene now lays claim to twenty-six world freestyle swimming marks at distances ranging from fifty yards to one mile.

The coming of another season of track and field campaigns is the signal for experts to begin wondering what additional "damages" women's sprint records will suffer at the test of Miss Walsh. Unless new distances are created, it appears that Miss Walsh may have to be content with trying to beat her own records, numbering six and ranging from forty to 220 yards.

Neither girl has yet endangered men's marks, but it is safe to guess that by the time another year is added to their careers, the level of men's and women's swimming and sprinting records will be more nearly alike than ever before. The Seattle girl's century swim in fifty-nine seconds is considered fast time for all but male champions, while the Cleveland girl, given a fifteen-yard handicap, could give the best of the male sprinters a merry chase.

Miss Madison is fashioned almost perfectly for record swimming achievements. Her weight of slightly more than 150 pounds is gracefully distributed over her length of five feet ten and a half inches. She tapers from broad shoulders to small hips and slender legs. Miss Walsh also stands taller and with broader shoulders, than the average girl. Her muscles are more bulky than her sister champion's, due to the type of exercise in which she participates. Under full steam her stride is long and graceful like a man's.

CANTONWINE MARRIED

Portland, Ore., Jan. 6.—Howard Cantonwine, heavyweight professional wrestler from Iowa, and Gertrude Meek, twenty-two, Portland advertising woman, were married at Hillsboro, Ore., last Friday, it became known here yesterday.

Splendid List of Competitors for Tournament at Victoria Golf Club, February 23 to 28; Harold Lineham and Mrs. B. R. Philbrick, Last Year's Winners, Expected to Defend Titles; Large Entry List Looked For From Outside Points; E. W. Beatty Challenge Trophies Will Be Awarded to Two Champions.

Plans are rapidly going ahead for the staging of the third annual Empress midwinter golf tournament over the course of the Victoria Golf Club from February 23 to 28. Entry forms for the event have been printed and are being dispatched to all clubs throughout Canada and the United States. Officials of the Canadian Pacific Railway, who are sponsoring the tournament, are confident of a heavy list. A large number of golfers from the prairie provinces are expected to compete.

Capt. J. V. Perka, popular secretary of the Oak Bay Club, who is handling the arrangements for the event, has completed the programme, which provides for six days of splendid entertainment for those who participate in the tournament. Advance reports indicate a good entry from Vancouver, Seattle and other Pacific Northwest cities, while many local players will compete.

Last year the E. W. Beatty challenge trophies were won by Harold Lineham, of the Colwood Golf Club, and Mrs. B. R. Philbrick of the Victoria Golf Club, in the tournament held at the Colwood Golf Club. Both are expected to defend their titles.

THE PROGRAMME

On Monday, February 23, opening day, the qualifying round for the men's handicap will be played in the morning over eighteen holes. The thirty-two low scores will qualify for the championship flight, while the remainder will be divided into flights of sixteen. On Monday afternoon, the eighteen-hole qualifying round for the women's handicap will be staged. Sixteen will qualify for the championship flight, with the remainder will be divided into flights of eight.

On Monday morning there will also be a team match for men, while in the afternoon there will also be a team match for men. On Tuesday the players will be occupied with the first rounds in the men's and women's championships. The defeated sixteen in the former and defeated eight in the latter will compete in the first flights. Wednesday will witness the playing of the second rounds in the two championships.

On Thursday the third round of the men's championship and the semi-finals of the women's event will be played. In the morning par competitions will be staged for men and women. On Friday morning there will also be a team match for men, while in the afternoon there will also be a team match for men. Cleveland at Detroit.
Pittsburgh at Windsor.
CANADIAN-AMERICAN LEAGUE
Boston at Philadelphia.
Tulsa at Buffalo.
St. Louis at Kansas City.
Chicago at Minneapolis.

HOCKEY

U.S.A. HOCKEY STAR FOR THE FUTURE?

In the great winter pastime there are few American-born hockey stars. George Owen, of Boston, is probably the most outstanding of all, although Taffy Abel, Herbie Drury and Roger Jenkins were born in the U.S.A. and are starting in the professional ranks. There is a definite move afoot to arouse interest in the school circles. At a recent meeting of the Intercollegiate Ice Hockey Association, which is composed of Yale, Harvard, Princeton, Dartmouth, Cornell, Penn., Columbia, Boston College and Williams, a motion was passed to circulate every college in the section of the country with the idea of having them join the association and boom the sport. In 1932 the Olympic winter games will be held at Lake Placid, and this will give this association a chance to see what they can train to stack up with the teams of other countries. The question remains whether this association will be able to provide material of N.H.L. calibre on a scale large enough to meet the demands of the professional leagues.

Sanderson's Fluke Goal Gives Lions Win and Top Berth

Vancouver Gets Lucky Break to Score 1 to 0 Victory Over Portland Bucks; Rose City Team Dominates Play for Two Periods But Is Unable to Beat Jackson; Lions Hold Two-point Lead Over Seattle; Redpath and Osmundsen, Former Tacoma Tigers, Turn Out With Vancouver.

Vancouver, B.C., Jan. 6.—The see-saw race for premier honors between the three teams of the Pacific Coast Hockey League continues. Yesterday evening at the Arena here, Vancouver Lions got the jump on the other two teams of the loop by defeating Portland 1 to 0 and taking first place in the standings. Lions now lead Seattle by two points with Portland two points behind.

Sandy Sanderson's fluke goal early in the third period gave the Lions the jump after the Bucks had outplayed their rivals during the first two periods. Sanderson picked up a loose puck behind the Portland net, and in attempting to pass out to a team-mate shot the disc into the back of the net. The Lions' leading passing attack, tricky individual rushes, and hard shooting were a treat to watch, but as far as Jackson, Vancouver goals, was concerned, they meant nothing at all. He stopped everything in sight and kept his team in the running throughout.

The Lions trotted out two new players in Oliver Redpath and Ose Osmundsen, who formerly performed for the now-defunct Tacoma Tigers. Redpath, a defense man, was used to alternately relieve Brennan and Arnott on the local defence, while Osmundsen looked after the right wing utility berth.

THE LINE-UPS

Vancouver—Jackson, Arnott and Brennan, Jerwa, Dunn and Sanderson. Subs. Redpath, Pettenger, Carr, Blythe and Osmundsen.

Portland—Aitkenhead, McCordick and Rouleau, Conn, Downie and Pool. Subs. Burke, Coupez, Teel, Maher and Armstrong.

SUMMARY

First period—No score. Penalties, McCordick and Coupez.

Second period—No score. Penalties, Conn, Armstrong and Coupez.

Third period—1. Vancouver, Sanderson, 2-1-0. Penalties, Conn, Pool and Dunn.

Results of Ice Games in East

Oak Bay Wanderers will hold a workout to-night at Oak Bay Park at 8 o'clock. In event of rain, players are asked to attend a lecture at St. Michael's School gymnasium.

National Boxing Head Says 1930 Prosperous Year

Major-General John V. Clinnin Declares Boxing and Wrestling Enjoyed Good Year in United States; Gate Receipts Measured Up to Those of 1929; Many of Champions, Including Mickey Walker, Middleweight Titleholder, Deposed by N.B.A. for Not Defending Their Crowns.

By MAJOR-GENERAL JOHN V. CLINNIN
President, National Boxing Association

Chicago, Jan. 6.—Nineteen hundred and thirty was an exceptionally prosperous year for boxing and wrestling despite the industrial and agricultural depression. Gate receipts measured up to those of 1929 in almost all of the states where boxing and wrestling are legalized.

It was a year of upsets for champions. The Sharkey-Schmeling contest in June was most unsatisfactory, owing to the passing of the title on a foul and because of the early departure of Schmeling for Europe, his failure to defend the title within the time limit fixed by the rules of the National Boxing Association, all of which has caused this organization to vote on the proposition of vacating the title. The International Boxing Union of Europe has an eight months' rule by which the title is automatically vacated if the champion fails to defend it within that period of time.

In the light-heavyweight class, Maxie Rosenbloom won his title from Jimmy Dettory on June 25, and successfully defended it against Able Barr on October 22. His performance in some of his contests has not been satisfactory, but the close of the year found him wearing the crown in this division.

Mickey Walker was deposed from the throne as middleweight champion by the National Association at its Orleans session, not having defended the title since his fight with Ace Hickins on October 29, 1929. The title in this class now is open.

FURNISHES UPSET

In the welterweight division, Tommy Freeman furnished the first upset when he defeated Jack Thompson September 5, 1930, but has not risked the title since then.

The junior welterweight champion, Jack (Kid) Berg, defeated Mushy Callahan for the title on February 17, 1930, at London, England, and not having defended it within the six months period, the National Association has given notice that it will be vacated.

The lightweight division furnished two earthquakes during the year. Sammy Mandell was knocked out by Singers on July 18, and Singers was knocked out by Tony Canzoneri on November 14. This division, at least, shows the proper activity and the holders of the title apparently were not afraid to risk the crown.

In the junior lightweight class, Benny Bass won the title on December 29, 1929, from Tod Morgan.

The featherweight champion, Battling Battalino of Connecticut, successfully defended his title on December 12, 1930, gaining the decision and confirming his title in his fight with Kid Chocolate.

In the bantamweight class, Al Brown held the title since 1929, but the National Association ordered the title vacated. Brown then fought Eugene Hust at Paris and the International Boxing Union requested the National Association to recognize the winner, Brown, as titleholder.

Frankie Genaro has held the title of flyweight champion since February 6, 1928, and retained it by boxing Midge Wolgast to a draw at New York, December 28, 1930. Previously he had been warned of the expiration of the six months' period.

Two Star French Runners Entered For U.S. Events

New York, Jan. 6.—A little international flavoring has been tossed into the indoor track season to make it that much more palatable to the customers.

Two of France's leading middle distance stars, Seraphin Martin and Paul Kellier, have accepted invitations to run here and, under present plans, will compete in half a dozen eastern meets, including the annual A.A.U. championships at Madison Square Garden, February 23. Jules Ladoumègue, crack 1,500-metre runner, also was invited but declined in view of his forthcoming marriage.

BASS PROVES FAR TOO GOOD

Junior Lightweight Champion Takes Easy Decision From Lew Massey

Philadelphia, Jan. 6.—Benny Bass, junior lightweight champion, remained boss of his division today after a title tilt with Lew Massey, Philadelphia Italian.

Fass met the shifty Massey in a return bout at the Arena yesterday evening and was voted the winner by a wide margin after ten rounds. He scaled 128½, a half pound more than his opponent. The scorers gave Bass seven of the ten rounds. Massey showed and called one even. Massey showed the bout was half over Bass slowed him up with a body attack that at times caused the challenger to wobble and hold on.

MULTNOMAH HOOP TEAM PLAYS HERE

Crack Portland Basketball Quintette and Pedens Meet To-night at High Gym

Local Five in Fine Shape For Fixture; High School Will Meet Hustlers

To-night's basketball game at the Victoria High School gymnasium, between the Multnomah Athletic Club of Portland and Pedens of Victoria, should provide some of the fastest basketball witnessed here in years. The visitors are known to play a short, fast passing game, with speed one of their outstanding features. Pedens, on the other hand have also adopted the fast style of play, and to date it has been very successful. In the local senior "A" league, Pedens have yet to meet defeat, while they have also taken the strong Duncan squad into camp.

When the two teams face one another to-night, the Portland squad will have a slight advantage in weight, height, experience and speed, while the local lads will have everything to gain and nothing to lose whatever the result may be. The local squad have just completed two weeks of extensive training, and should be in the best of shape.

In the preliminary battle the High School and Hustlers will meet in an important intermediate "A" league fixture. The students must take to-night's battle to stay in the first-half race, while should they lose the Knights of Pythias will be declared winners of the opening half.

Opposing line-ups for the feature game follow:

MULTNOMAH CLUB

Franky Andrews...Forward...Bud Heckling
Ray Edwards...Forward...Lloyd Jones
John Inella...Forward...D. Robertson
Bennie O'Connor...Forward...C. Chapman
Jerry Gauthier...Guard...Tom Lane
Ray Smith...Guard...Joe Ross
Alan Le Marquand...Forward...Joe Ross

PEDENS

When the two teams face one another to-night, the Portland squad will have a slight advantage in weight, height, experience and speed, while the local lads will have everything to gain and nothing to lose whatever the result may be. The local squad have just completed two weeks of extensive training, and should be in the best of shape.

Elmwood in Second Place in Winnipeg Amateur Ice Loop

Winnipeg, Man., Jan. 6.—Elmwood Millionaires took a second place in the Winnipeg Senior Hockey League yesterday evening, defeating Winnipeg, 4 to 1. Native Sons, managed by Cliff O'Meara, beat the three-team circuit. Monson scored three times for the winners, Muckle netting the odd score. Ken Moore notched the lone "egg" tally on a pass from Lindquist.

McDUFFER OF THE MISSISSAUGA GOLF CLUB

BY BARRIE PAYNE

"My wife hates profanity. She says it doesn't help my game any. Well, maybe she's right. Maybe swearing doesn't improve my golf, but golf sure improves my swearing."

Outstanding Canadians Are Named For A.A.U.

P. J. Mulqueen and M.M. Robinson Again Head Olympic Board

Strong Committees Named to Supervise All Branches of Sport in Canada; J. C. "Scotty" Dowds, of Victoria, is Named Member of Registration Body; Bruce Boreham, Vancouver, Included as Member of Publicity Committee; Number of Special Committees Named by President James I. Morkin, Winnipeg.

Winnipeg, Man., Jan. 6.—The national committee of the Amateur Athletic Union of Canada has been announced by James I. Morkin, Winnipeg, president. The personnel of the committees follows:

SAM TIMMINS STARS IN WIN FOR CHICAGO

Shamrocks Gain Undisputed Lead in American Hockey By Win Over Minneapolis

"Mac" McKenzie Scores Winning Goal in Overtime; Goalies Show Up Well

Minneapolis, Minn., Jan. 6.—Chicago Shamrocks stand alone today at the top of the American Hockey League because Sam Timmins poured a better goal than "Porky" Levine in yesterday evening's overtime match against Minneapolis. The Shamrocks, by 2 to 1, lifted them out of a first-position tie with Tulsa and prevented the Miners from becoming an immediate threat for the lead.

Actually, Levine had more work to do than Timmins, and his omission came only at times when the Chicago attack was spurred on by losses of Miller to the penalty box. Gordie Brydson evened matters for Chicago in the middle session after Mike Riley had sent Minneapolis ahead. Eddie Wiseman slid a pass across to "Mac" McKenzie for the winning Chicago goal after five minutes of extra play.

Joseph Wear To Resign as Head of Net Committee

New York, Jan. 6.—The New York Times says: Joseph W. Wear of Philadelphia will resign as chairman of the Davis Cup Committee of the United States Lawn Tennis Association because of pressure of business. Wear announced his intention of quitting the Davis Cup post in a telephone conversation with the newspaper from his home in Philadelphia. The Davis Cup chairman has not presented his resignation to the U.S.L.T.A., the newspaper says, but has announced his intention to do so. He will also suggest Eugene Dixon as his successor. Dixon was non-playing captain of the 1930 Davis Cup team and is a member of the Davis Cup Committee.

Resolve

PHILLIPS IS EASY WINNER

Canadian Welterweight Champ Punches Out Decision Over Jack Gillespie

Toronto, Jan. 6.—Conditioning himself for defence of his Canadian welterweight title, Jackie Phillips, Toronto, easily outpointed Jack Gillespie, Detroit, in an eight-round bout which topped the Queensbury Athletic Club's card here yesterday evening.

Gillespie was outclassed by the Canadian champion, who punched the Detroit fighter almost at will. Phillips scored a knockdown for no count in the last round, but was unable to solve Gillespie's awkward style to land the finishing blow.

In the semi-final match, Sammy Hackett, Toronto, claimant to the Canadian featherweight crown, defeated Don McLeod, Detroit, in a six-round engagement. Hackett weighed 134½ and McLeod 132.

ALLAN FOSTER WINS

In the opening bout of six rounds, Allan Foster, Vancouver, heralded as another Jimmy McLarnin, hammered his way to a decisive victory over "Kid" Birch, English bantamweight.

Possessing a more clean-cut style and harder punching ability, Foster stamped himself as one of the best of his weight performing in the east today. He scored the only knockdown of the bout in the second round with a smashing right hook to the jaw and had his opponent down on several occasions. Decision in favor of Foster was unanimous. He weighed 119½ and Birch 119.

St. Louis, Jan. 6.—Ray Blakes, outfielder and coach of the Cardinals, will enter St. John's Hospital here today to undergo an operation for an injury to his ankle. He suffered a dislocated bone last summer when struck by a ball.

Art Harness and Joe Irving Lead Fivepin Averages

Skippers of B.C. Telephone and Underwoods Have Averages of 221.8 and Top First Half Figures of Olympic Senior League, According to List Released To-day by Secretary Art Porter; Al Falk, Les Fox and Albert Theobald Follow Close Behind.

Art Harness, skipper of the B.C. Telephone team, and Joe Irving, captain of the Underwoods, are tied for the leadership in the first-half averages of the Olympic Senior Fivepin League, each with totals of 221.8, according to the figure released to-day by Secretary Art Porter. Harness and Irving have both rolled the same number of games, twenty-four, and it is a singular fact that their averages should be the same right to the pin.

Al Falk of the Elks is running the two leaders a close second with a total of 220.3, while Les Fox of the Times is next with 215. With so many fine bowlers bunched closely at the top, a keen fight is expected for the honor of leading the final averages.

Harness also has the honor of rolling the season's highest three-game aggregate in both the Senior and Commercial Leagues with the fine score of 914.

MAROONS OUT TO PROTECT THEIR LEAD

Leaders in Canadian Division of N.H.L. Oppose New York Rangers To-night

Canadiens Meet Detroit at Montreal; Boston and Chicago Clash

Toronto, Jan. 6.—Teams in the Canadian Division share most of the interest in the National Hockey League's schedule to-night. Four teams, the Montreal Maroons, Montreal Canadiens, Toronto Maple Leafs and New York Americans are waging a spectacular struggle for the Canadian division lead and three of the teams will play to-night.

The Montreal Maroons, with a two-point lead over the Canadiens to protect, meet the New York Rangers at home to-night. The Canadiens stay at home to take on the Detroit Falcons while Toronto battles the Ottawa Senators at Ottawa.

The fourth game on the program brings together the two leaders in the American division, Boston and Chicago, at Boston. The Bruins, however, cannot be deluged from first place for they enjoy a four-point lead over Chicago which, in turn, is two points ahead of the Rangers.

Goodfellow in front. Although he failed to add any points to his total during the week, Eberhard Goodfellow of the Detroit Falcons still leads the scorers in the League.

Official figures including games of Sunday night put Goodfellow at the top of the list with twenty-three points. In second place with twenty-one points is Fred (Bun) Cook of the New York Rangers. Howie Morenz of the Montreal Canadiens and Harry Oliver of the Boston Bruins are tied for third place with twenty.

CUP SOCCER SERIES WILL GET STARTED

Wednesday League Clubs Will Resume Play To-morrow in Pendray Cup Competition

Only One First Division Match on Saturday; Games For Junior Teams Announced

After a lay-off of three weeks owing to the holidays, Wednesday League football teams will play to-morrow afternoon with the opening matches in the Pendray Cup series. Two games will be played with the Hudson's Bay and Navy meeting at the Royal Athletic Park, and Sanheh United and the Garrison hooking up at the Lake Hill grounds. Both fixtures will commence at 2.30 o'clock.

The Hudson's Bay team will defend the trophy they have won for the last two seasons. The series is run on the league system with each club meeting the others four times. Last year the Bays won by the narrow margin of one point over the Navy. The latter club has already won the Hayward Cup this season.

With the players having enjoyed a rest and all the clubs at full strength, to-morrow's matches should produce some good football.

The Hudson's Bay team will be as follows: Shrimpton, Tappan, Armstrong, Cull, Woodley, Cahan, Newell, Fish, Small, Purdy and Davis.

Saturday's only First Division match will find the Jokers and Victoria City meeting at the Royal Athletic Park in a replay of their Milton Cup semi-final. The winner of this match will engage the victor in the Equilibrium-Sanheh Thistles match in the final game.

In the first match between the Jokers and City the game was called on account of darkness in the second overtime period. At the time play was halted by the referee the Jokers were enjoying a 3 to 1 lead.

Three matches will be played in the Junior League Saturday, the draw being as follows:

Oaklands vs. Royal Oak at Spencer's Park.

Victoria City vs. James Island, at Upper Beacon Hill.

Y.M.C.A. vs. Esquimalt, at Central Park.

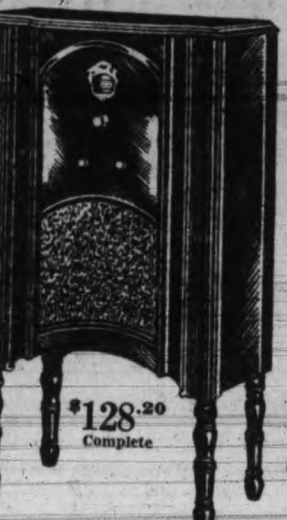

The draw for the semi-final of the Davis Cup competition to be played on January 17 was announced today as follows:

James Island vs. Oaklands.

Y.M.C.A. vs. Royal Oak.

SAYS BEER IS NO ATTRACTION FOR VISITORS

T. Humphries Denounces Beer Parlors as Insult to Tourists' Intelligence

Brewers Benefit While Children Suffer, Centennial Church Audience Told

"Who comprise the Victoria Advancement Committee" was asked by T. Humphries in addressing a meeting in Centennial United Church yesterday evening. Referring to the literature, hearing the above title, which is being circulated by advocates of beer parlors, he said: "Let the promoters for increased facilities for beer drinking come into the open so that the citizens may know who they are."

order that Victoria might have similar attractions as have other municipalities. He believed the people of this city did not envy the experiences of places where beer parlors had been established, and where they were recognized as having a demoralizing influence on the community.

"It seems to me," said the speaker, "that in offering beer parlors as a special attraction for tourists, we insult their intelligence. We resent the offering of such a sop as an inducement for people to visit this city, which already has many attractions that make a much stronger appeal."

WORLD NEWS VICTORIA

"It is safe to say," he said, "that many people with families who shun Victoria, were it known that we had such places in our midst. Moreover, when the people decided to banish the bar, and with it the pernicious treating system, they were assured under government control these evils were to be forever abolished. If you vote for the plebiscite you 'vote to bring back the old system in another form.'"

Mr. Humphries spoke of the economic waste that would follow, should the people of this city favor the present proposal. In this time of financial depression and general unemployment it was reasonable to expect that money would be spent for beer that should be used for the necessities of life.

Why penalize women and children to increase the profits of brewers? he asked. He appealed to the voters of this city to consider the rising generation and vote against beer parlors," he said.

JUDGMENT IN SHOOTING CASE IS RESERVED

Two Accused Complete Testimony in Trial For Sunday Affray Here

Judgment was reserved by Magistrate George J. yesterday afternoon in the case of John McKinnon and John Woods, charged with shooting at Joyce Allen with intent to do grievous bodily harm. The magistrate will give his decision to-morrow morning.

McKinnon, under questioning by Mr. Harrison said he and Woods had been drinking with two Japanese during the evening and after leaving the Japanese at a chop-suey house, Woods suggested having another drink so they went to the Station Hotel to get it. Neither he nor Woods was drunk, he said.

McKinnon said he had not seen the shotgun from which the shot was fired at the hotel window until the time of the accident. He demonstrated in court how he had found the gun lying against the seat of the car outside the hotel and had moved it toward the back of the seat. The discharge occurred while he was handling it, he said.

Woods, a gas engineer and mechanic, also told of the party with the Japanese who, he said, he was to have taken to Langford late that night. Intending to go on from Langford to Wolfe Lake to shoot ducks, he got his gun from the house about 11 o'clock and put some shells in his coat pocket, he said.

He related how the pair had gone to the Station Hotel to get a drink and the ensuing argument with the managers. Coming down to the car he had trouble starting it and when he did get it started it must have been in reverse gear because it lurched, he continued.

"I got the idea somehow that the people with whom we had the argument were shooting at us so I speeded the car up to get away. After we got on Government Street I thought we were safe but the car came after us and we speeded up again. I never dreamed it was the police," he said.

PRESS FOR WORK ON INTERSWITCH

Chamber of Commerce to Bring Matter Before Rail Board Again

The directors of the Victoria Chamber of Commerce yesterday refused to approve a resolution from the Duncan Chamber advocating improvement of San Juan Harbor and therewith an extensive program of road building to open up the west coast of Vancouver Island. The directors considered that, without details of the proposed road building, and in view of the pressure already being directed towards completion of the West Coast Road, no applications to the government should be made. It was pointed out that the improvement of Port Renfrew would involve breakwater construction costing millions of dollars.

At the instance of Alderman W. T. Straith, the directors appointed a special committee to organize a dinner to be tendered the members of the Provincial Legislature during the session.

Renewed activity by the chamber to secure construction forthwith of the interswitch on the Industrial Reserve, will bring to the attention of

Famous Island Puzzles

A PINEAPPLE PARADISE

Our present puzzle takes us to an island which is famous for pineapples. It contains fields of growing pineapples which cover hundreds of acres of ground.

The island has been called "A Paradise of Nature," and has a climate which can be matched in few other parts of the globe. The winners are mild and pleasant, and the summers are not too hot.

In former times the island was used by a native queen, but it now belongs to a North American nation. About one-fifth of the people are whites. Most of the rest are Japanese, Chinese or Filipinos. Only one out of every ten persons is a member of the native race. The island is in the Pacific Ocean, about 2000 miles from the North American coast.

If you visit this "paradise" you are quite likely to see Mauna Loa, one of the world's largest active volcanoes. It rises to a height of two and one-half miles. At its base it measures seventy-five miles from one side to the other. Mauna Loa has been active in recent times, and has poured forth great rivers of lava—liquid rock so hot that no one would enjoy stepping in it! Because the lava rivers move slowly,

people are usually able to get out of hundreds of houses. Now you may know the name of the island. If any other hint is needed, this cardboard has it.

After pasting the group of pieces on thin cardboard, cut them apart and put them together properly. Then you will have a map of the island. You may use heavy paper if you have no thin cardboard at hand.

School pupils may take "Famous Island Puzzles" to the classroom and have contests in working them out. There will be another puzzle to-morrow.

To-morrow—Home of Wild Men.

Liver Diet Aids Victims Of Pernicious Anemia

By DR. MORRIS FISHER

As a result of the vote of a large committee of scientific men, the Popular Science Monthly recently awarded \$5,000 each and a medal to Dr. George H. Whipple, dean of the School of Medicine of the University of Rochester, New York, and to Dr. George R. Minot, professor of medicine in Harvard University Medical School, for having made the greatest current achievement in science for the benefit of the public.

On several occasions in the past five years the discoveries of these two men have been referred to in these articles. The principle of the use of liver in the control of pernicious anemia was developed by Dr. Whipple and the application of this principle to the treatment of human beings was the work of Dr. Minot.

Previous to these discoveries, pernicious anemia was considered an invariably fatal disorder. It was experimented on animals, principally dogs, whose diets closely resemble those of man, and it was found that the liver, kidney and the heart tissues contained chemical substances which stimulated the formation of red blood cells.

Dr. Whipple first began his work thirteen years ago when he was professor of research medicine in the University of California. It occurred to Dr. Minot to adapt Dr. Whipple's investigations to the treatment of patients with the disease in 1924 and continued through 1925, he began at first with a quarter of a pound per day. Finally, in 1926, he announced that the feeding of liver to patients with pernicious anemia would prolong their lives by keeping the red blood cells constantly up to the required number.

It is, of course, a mistake to speak of the use of liver as a cure for pernicious anemia. Apparently it does not overcome the basic cause in the human body which produces the disease. However, as long as the person affected continues to take liver, either in the form of whole liver or liver extract, his blood seems to go on building up the red cells and he is enabled to live a useful life. The method of treatment has not been known for a sufficiently long time to indicate to what degree the treatment will affect the longevity of these people in general.

DELEGATIONS ON WORK FUND SEE MINISTERS

Vancouver to File More Unemployed Relief Pleas When Money Spent

New Westminster Seeks Permission to Put More Men to Work

An assurance of further funds to continue relief work in Vancouver and funds to care for those in the city now unemployed were sought from the committee of the B.C. Government administering the fund under the Federal Unemployment Relief Act by a Vancouver delegation yesterday.

The delegation stated 1276 married men were now at work, and could be kept employed until the middle of April with the funds in hand, and an additional \$85,000 from the Federal scheme. If the Government also covered the city's \$450,000, available by the time then 1,600 more married men could be put to work, solving the problem in respect to married men.

The delegation agreed that Vancouver would continue relief work with the funds in hand and was granted permission to file written plans for any further assistance that may be justified when the present funds are exhausted.

Meeting the unemployment committee of the Cabinet before the Vancouver city delegation, Alexander Archie Hogg, and Superintendent of Works Furness, on behalf of New Westminster, secured approval of the committee, subject to the necessary consent from Ottawa, for a reallocation of funds already voted to the Royal City and which will be applied to projects yielding 2,000 more man-days work without any added cost.

New Westminster's total works programme was to cost \$60,000, of which the two Governments will jointly provide half, and the city will remainder. This sum remains unchanged.

Judge McIntosh Has Jurisdiction Extended to City

Jurisdiction of Judge J. Charles McIntosh of the County Court of Nanaimo has been extended to include Victoria.

This was announced at the Court House to-day.

Live in Victoria. He has been living in the Nanaimo district at Mill Bay.

Judge Lampman, who presides over the County Court in Victoria, is now in California and during his absence Judge McIntosh is presiding here.

New offices are being fitted up at the Victoria Court House for Judge McIntosh. He will continue also to function in the Nanaimo judicial county. This gives him the whole of Vancouver Island for his territory.

TWO MEETINGS WILL CONSIDER SCHOOL BY-LAW

Public meetings for discussion of the Saanich High School By-law will be held by the School Board on Friday at Royal Oak School, and on Saturday at Brentwood Institute Hall.

Both meetings will commence at 8 o'clock. Trustees J. L. Brooks and W. L. Briggs addressed a well-attended meeting at Tillamook School yesterday evening.

W. J. Waters, candidate for school trustee, joined the sitting members of the board in supporting the high school by-law.

Trustees F. V. Hobbs and W. Tomes attended yesterday's meeting of the Saanich Board of Trade at Brentwood with a view to explaining the high school situation, but pressure of other business prevented allocation of time to school matters.

Pacific Railway and \$14,159,403 by the Canadian National Railways.

The unemployment scheme of the Federal Government has reached a position now where accounts are coming in to Ottawa for payment, according to Senator Robertson.

In provinces from which no accounts have been received the work is continuing.

Following accounts have been paid: Nova Scotia, \$2,792,245; Quebec, \$18,000; Ontario, \$224,203.95; Manitoba, \$115,209.31; British Columbia, \$22,267.24; Yukon Territory, \$20,000.

Horse racing was a popular sport more than 3,500 years ago, according to Hittite inscriptions found in Mesopotamia.

Air Official To Investigate Seaplane Base

Squadron Leader Tudhope, superintendent of airways for the Department of National Defence, will confer with civil officials and local aviation authorities here shortly in regard to locating a seaplane base at Cadboro Bay.

According to word received by Alexander W. T. Straith, chairman of the city industrial committee, from the deputy minister.

Four senior officers of the department who were fully conversant with the situation, conferred last week, the city is informed, and thoroughly discussed the matter.

Squadron Leader Tudhope has received instructions to investigate the whole matter fully on his visit here this month and make recommendations.

WORK OF AUTO CLUB DESCRIBED

R. W. Webb Explains Activities of Organization to Assist Motorists

The contribution that 100,000 motorists, who paid a large amount of taxes, both through direct and indirect revenue made to the government treasury, was discussed yesterday evening by R. W. Webb, secretary of the local branch of the Automobile Club at a meeting of the Saanich board of trade.

He spoke of the benefits to be derived from membership in the Automobile Club, showing that the assistance one member offered another, was of great value in time of trouble.

The club was in no way intended to benefit the motorist to the detriment of the pedestrian, he assured the meeting.

Its travel bureaus were placed in all corners of the world, and were known as most valuable sources of information for tourists.

Mr. Webb also spoke of the courtesies of the road extended to the different members, telling of the emergency service performed by those in the club.

Ex-Reeve William Crouch moved a hearty vote of thanks to the speaker for his interesting talk.

Newman and Davis Commence Play-off In Cue Tournament

London, Jan. 6.—Tom Newman and Joe Davis, billiard professionals, yesterday commenced a fortnight's play to decide which of the two shall meet Walter Lindrum, the Australian wizard of the cue, in the final of the international tournament.

Starting with free leads of 7,023 points, Newman closed with 9,933 points to-day, and Davis with 8,110 in play.

Lindrum, Newman, Davis and McConachy of Australia entered the international series months ago and played six matches. McConachy lost all six and dropped out. Lindrum started each match from scratch; the others from the 7,000-mark, and the three leaders finished close together.

POOR PA

BY CLAUDE CALLAN

"Lucy is mad because her second husband spanked her first husband's child for calling him an old dunce, but when a child gets to knowin' too much he needs a spankin'."

(Copyright 1931, Publishers Syndicate)

Where To Go To-night

As Advertised ON THE SCREEN

Capitol—Madam Satan, starring Kay Johnson.

Coliseum—"The Virtuous Sin," with Walter Huston.

Columbia—"Murder Will Out," with Jack Mulhall.

Dominion—"Alf's Button," all-British cast.

Playhouse—Warner Baxter in "Renegades."

Crystal Garden—Swimming, Dancing and Miniature Golf.

VICTOR FLEMING WAS DIRECTOR OF PLAYHOUSE STORY

Much of the action and sweep in "Renegades," the thrilling Fox movie now playing at the Playhouse Theatre, is due to Victor Fleming's direction. Fleming, who made such hits as "Common Clay," "The Virginian," "The Wolf Song" and "Hula," is considered one of the best "outdoor" directors. In this Warner Baxter vehicle he shows his ability to keep the story moving at high speed.

DRAMATIC PICTURE OF FAMOUS PLAY IS HERE AT COLISEUM

Finesse of characterization, dramatic moods and an introspective treatment of human impulses collectively constituting the passion called love, make "The Virtuous Sin," which opened Saturday at the Coliseum Theatre, an entertainment of exceptional power.

"The Virtuous Sin" is Paramount's talking picture of the Lajos Zilahy play, "The General."

Martin Brown got the adaptation credit. Directorial honors are divided by George Cukor and Louis Gasnier.

THRILLING SUSPENSE IN FEATURE PICTURE ON COLUMBIA SCREEN

Numerous death warnings, an explosion, and three murders help to complicate matters and sustain the thrilling suspense afforded by the plot of "Murder Will Out," the first National picture now being shown at the Columbia Theatre. Jack Mulhall is featured with Lila Lee as his leading woman.

FAMOUS STORY OF MAGIC BUTTON IS NOW AT DOMINION

A farce extravaganza is the feature attraction at the Dominion Theatre for the last time to-day with the first presentation here of the Gaumont-British all-talking production of W. A. Richardson's famous success, "Alf's Button."

Alf is a British soldier who finds that a certain button on his new tunic was once Aladdin's lamp, and when he rubs it a mysterious figure appears who gratifies his every wish.

Alf is portrayed by Tubby Edlin, who played the role in the stage production, and he is assisted by Alf Goddard, Nora Swinburne, Polly Wadsworth, and others.

W. Kellins directed. A magnificent Guminsky ballet of Russian dancers performs in natural color photography, the spectacular "Scherzade."

Alf is played by Rimskey-Korsakov, with Anton Dolin and Ann Ludmilla as solo performers.

"Alf's Button" is said to be the most ambitious British talking picture ever made, abounding in comedy and lavishly set.

"MADAM SATAN" NOW AT THE CAPITOL HAS WELL-KNOWN PLAYERS

Thrills, color, clever dancing, tuneful songs and an absorbing story of an affectionate husband and a too-perfect wife make Cecil B. De Mille's "Madam Satan," which opened at the

WINNIPEG

(By Logan & Bryan)

Winnipeg, Jan. 6.—Wheat: The market, while firm, was rather featureless to-day and only a small trade volume was passing. At the start there was fair buying with exporters taking fair amounts, and overnight sales were estimated at 300,000 bushels. This demand became satisfied during the first ten minutes and the opening bulge of 1/2 cent was lost, but was quickly recovered and the bulk of the day's business was done at this level. However, there was a quiet auction going on for export and foreign account, and with the offerings extremely light the market made further gains during the last hour, finally going through the daily offers and 1 1/2 above the previous close.

There was a little short covering in the final upturn. Export sales overnight and again this morning was a little better tone to the demand for cash wheat with spreads on straight grades unchanged to 1/4 better. Offerings were light and only a small volume was changing hands. Flour trade continued featureless.

There was little or no change in the general news and Broomhall foreign a slow milling demand for foreign wheat on the continent ample to take care of all immediate requirements. Winnipeg futures closed 1 1/2 to 1 cent higher.

Coarse grains: These markets were all higher and were following the trend of wheat. However, trade volume was light and there was very little going on in the cash markets. Offerings are light and the markets are easily affected by any constructive news.

Oats closed 1/2 to 1 higher, barley 1/2 to 1 higher and rye 1/2 to 1 higher. This market made substantial gains, closing 3/4 to 2 cents up. The demand was still thin, but the unfavorable weather in the Argentine is perhaps the main issue.

Liverpool 1/2 to 1 higher based on Winnipeg.

"Just a minute, before you begin, Miss Grain," Dundee requested. "I'd like to know, on your story, and he drew from a corner of the book-hand book, hastily flicked from Penny's own tidy desk. "Yes," he answered the girl's abrupt question, "sort, and pretty fast at that, though no other human being, I am afraid, could read it by myself. . . . As for the other thing, the absence of the silent group of men and women dead Nita's living room. "I shall ask you not to interrupt Miss Grain unless you are very sure that her memory is at fault."

Penelope Grain was about to begin for the second time, when again Dundee interrupted. "Another half second please."

On the first sheet of the new short-hand book Dundee scribbled: "Suggest you try to locate Ralph Hammond immediately." Very much in love with Mrs. Selim, in the first part of the sheet not show up," and tearing the sheet from the notebook, passed it to Captain Strawn, who read it, frowning.

"Doc Price has done all he can here," Strawn whispered huskily. "Wants to know if you'd like to speak to him when he takes the body to the morgue."

"Certainly," Dundee answered as he

Dunlap and Janet Raymond, began her story.

"I think it 'lacked' two or three minutes of one o'clock when you drove over here," she said and went immediately into the lounge. But away Inn, where we found Janet Raymond, Carolyn Drake and Flora Miles waiting for us. Nita soon left us to go home about the arrangement of the table, and while she was away the rest of the girls arrived."

"Except—" a woman's voice broke in.

"I was going to say all eight of us were ready for lunch except Polly Beale. She hadn't come." Penny went on. "Nita's busy policy of a little sharp talk with annoy the Nita. Nita had to ask us into the private dining-room where the Inn's employees came and told her there was a call for her. She showed her to the private booth in the lounge. In a minute Nita returned to us, and told us that Polly wasn't coming to the luncheon, but to join us later for bridge here."

"Why didn't you tell her that?" "Nita acted?" Janet Raymond prompted, a strong suggestion of malice in her voice.

"She was flustered, but she accepted the suggestion. I think any of us might have been a little annoyed," she said readily, as if striving to be utterly untruthful. "Nita told us"—she turned to the nurse, "that she was the flying—"

"That Polly had made no excuse," she said, "in fact, she quoted Polly exactly: 'Sorry, Nita. Can't make it for lunch. I'll be up at your place at 2.30 for

"What's the matter, Bobbie?" asked the Fox, as he saw the Bob Cat, with his little tail, limping into the den one day.

"Oh, I slipped on the ice and fell," said the Bob Cat, who was cross and irked at the Fox.

"What ice?" asked the Wolf, who was sitting in the den of the Fox, just when the Bob Cat had just limped.

"The ice on the river," answered the Bad Chap, with the tail no longer in your thumb. "It's frozen, you know."

"Yes, it was very cold last night," said the Fox, shivering. "Plenty of snow and ice now."

"Plenty of snow and ice, but not a little food to eat," grumbled the Wolf.

"Oh, for a nice, fat rabbit! Yum, yum!" said the Bob Cat, who was now very hungry.

"I slipped and fell," said the Bob Cat, as he was sitting on his tail to keep it out of sight. For he was very much ashamed of it.

"What rabbit were you trying to eat?" asked the Wolf.

Programme
TONIGHT
 Narraket: Ten Timers - KGO
 2-2.15 p.m. - Series of Talks (transcont)
 sat) - KECA, KJAR.

[illegible]

An interesting evening, with a wealth of variety, is in store for listeners tuning in to the 7 o'clock hour. The 7 o'clock will feature the nightly "Sunset Hour" of fine music, a "Nightly Classical presentation of the VHS." Promptly at 7 o'clock the slogan comes: "The 7 o'clock hour is the hour of the week." Interested home viewers, at 7:15 o'clock listeners will be enjoying a short address by W. J. Harper, who will speak on "How Fine is the Sun?" With the arrival of 7:30 o'clock, the 7:30 o'clock hour will feature the program "Black and Blue." An all-around half-hour will be spent with these three comedians whose reputations as fast talkers are rapidly spreading. Late in the evening, at 10 o'clock and 11 o'clock, the 10 o'clock hour of midnight, Charlie Davis' "Sunset Hour" will be featured. The 11 o'clock and his Victorians will be featured. From the sixth ballroom of the Crystal Garden in thirty minutes of syn-

GENUINE
PHILLIPS
MILK OF MAGNESIA

56

For Troubles due to Acid
INDIGESTION
SOUR STOMACH
HEARTBURN
CONSTIPATION
GAS, NAUSEA

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes at any time the volume in stomach acids and relieves the symptoms, such as headaches, gas, heartburn, etc., will disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—of your own sake—now.

Be sure to get the genuine, prescribed by doctors for conditions such as excess acid. It is always a liquid; it cannot be made in tablet form. Look for the name Phillips' and the word *genuine* in red.

"During the month of December our

we of Rogers & Majestic radio are the beneficiaries of your previous DeceMBER," states D. H. McDougall, president, Rogers-Majestic Corporation Limited. "Up to the twentieth of this month, we had done as much in radio as we had in all of December, 1920, which had before that our greatest twelfth-month in our history. The increase, not only in units, but in dollar value, is unprecedented, without any special promotional effort, without price reductions or other unusual inducements.

"As the most satisfying condition of all, the retail dealer, in turn, has been equally successful in clearing out our radio sets and is endeavoring to replenish his stock. For the first time, we have been telegraphing, telephoning and in other ways indicating their shortage of models. We find dealer stocks in most cases down to rock bottom."

WEDNESDAY, JANUARY 7, 1931

According to astrology, this is an adverse time to pause in big plans. It is well advised to wait for new ventures. Women should not come from the way and should make the most of the early part of the day. Men should be cautious for shopping and for preparations. This should be a happy wedding day for the foundations of homes built with love. It is wise to walk in beaten paths while the weather is fair. Do not be tempted to encourage rash investments and speculation. There is an aspect supposed to be irritating to the nerves. Little things and trifles that reason detriments. This is not an auspicious day for those finally I got hold of something that was broken and completely healed me. Years have passed and I have never returned, although I am doing hard work as a carpenter. There was no one to help me. I have nothing to sell but will give full information about how you may find out. I will be glad to inform you if you write to me. Eugene M. Pullen, Carpenter, 1365-D, Marcelus Street, Chicago, Ill. I have seen this notice and show it to other others who are ruptured - you may stop the misery and danger of the rupture and the worry and danger of an operation.

Dorothy Dix's Letter Box

DEAR MISS DIX—In a recent article you said that jealousy was incurable. Let me tell you my experience: My wife was so jealous that she made my life miserable and was ruining my business. She was suspicious of everything I did and made scenes before clients and clerks. I felt that I could endure it no longer and decided to leave her. But one day on the golf links I met an old priest, and, knowing his religion didn't include divorce, I told him my story and asked him what I should do. I cannot quote him accurately, but in substance he said:

"Love will cure jealousy and it is the only remedy for it. Flatter your wife. Tell her how much more beautiful she is in your eyes than any other woman. Woo her again as you did in your courtship days. Take her out of an evening. Send her flowers and candy. Notice what she wears. Encourage her to get a new hat and tell her how becoming it is. Ask her advice. When you have to stay down town and work on an evening, telephone her to come down and have dinner with you and then make her keep still and wait for you while you finish your task, and this will make her see that you are not staying down town to have a good time. Use as much tact in getting along with her as you would with your boss or some customer or client that you wish to please."

"And, above all, keep her busy. See that she has plenty of constructive work to do, for an idle woman's brain is the devil's workshop in which he manufactures all sorts of bitter suspicions and fears. Get her to join clubs and take an interest in movements that will give her something pleasant and interesting to think about when she is not staying down town to have a good time."

"And if in spite of all this she gets hysterical and jealous, talk it all over with her and tell her you love her so much that you want her to have poise and dignity and to be broadminded."

"And instead of thinking of yourself as a martyr, hold this thought: that every other woman is trying to snatch you from her. She forgets the bad spot on your head and the spectacles and the bay window figure and sees you as a hero of romance that no woman could resist."

"Love, real love, will cure jealousy."

It was six years ago that the old priest gave me this advice. Instead of getting a divorce I began making love to my wife, and it turned her from a nervous, neurotic woman into a calm and contented one. Our home became peaceful and we are as happy a couple as you could find anywhere. She has perfect trust and confidence in me and has lost all fear that there may be some unknown rival to her in my heart.

So I pass the priest's remedy of love as a cure for jealousy on to my fellow men who may be tormented by green-eyed wives.

J. E. S.

Answer—I have no doubt that jollying comes nearer to being a cure for all jealousy in wives than anything else, because, after all, jealousy is chiefly the expression of an inferiority complex. A woman is jealous of her husband because she secretly believes herself to be less attractive than other women.

She looks in the mirror and sees that she is growing middle-aged and stout. Gone is her lissome figure and her peaches-and-cream complexion. Her hair is growing grizzled and she has too much work to do and too many other uses for her money to keep herself always dolled up and to put perfume behind her ears. She thinks that her husband must compare her invidiously with the pretty young girls with whom he works, and so she is madly jealous of every flapper in his office.

She believes that every woman with whom he has business dealings is trying to vamp him and that when he stays downtown on an evening to work he is really keeping a secret rendezvous with some female.

And if it is useless for the husband to protest his innocence and his faithfulness and to tell his jealous wife that the women who come to his office are clients or patients in whom he is only professionally interested or that the women he works with are just cogs in the business machine that grinds out dollars.

It doesn't allay her suspicions a particle, for hasn't she seen movies which depicted the orgies that went on in business offices and which showed middle-aged married men bestowing thirty feet of kisses upon beautiful young stenographers? And it is worse than useless to tell her that pretty young girls prefer shabby boys of their own age to paunchy husbands and fathers and that her husband's secretary isn't trying to take him away from her, she is plying her for having to stand him. The grouch!

The trouble with the domestic woman—and most jealous women are domestic women—is that the very nature of her occupation gives her too much time to brood. Housework doesn't keep more than one lobe of her brain busy and that leaves the balance of her thinking apparatus with nothing to do but imagine things and get all hot and bothered about what her husband may possibly be doing. Obviously, then, the only thing to do that even promises to be effective is for her husband to make such violent love to her that she will begin picturing him as a Jacob instead of a Don Juan.

And, viewed in this way, the jealous wife is a pathetic figure, for her suspicions are just an appeal for flattery for which she is starving, just a cry for some evidence that her husband still regards her as a lady love instead of a piece of useful household furniture.

Perhaps jollying her along is the only way in which a man can get along with a jealous wife, but it takes a hero and a good actor to put up a convincing performance of affection for a woman who insults him by her suspicions and disgusts him by making hysterical scenes.

DOROTHY DIX.

DEAR DOROTHY DIX—I am a young man of twenty-five, well educated, rather above the average in looks, a good dresser and successful in business, but I am handicapped by poor hearing, which embarrasses me dreadfully in society, as I frequently do not hear what the speakers say and have not enough nerve to request them to speak a trifle louder. Girls invite me to their homes or to parties, but I do not go because I imagine that I would be out of place. Do you think I am acting foolishly by not accepting invitations and explaining my misfortune when spoken to? Is there any drawback from any further advancement in the business world for a young man in my position? Can you hazard an opinion of the girl of to-day toward a fellow like me regarding marriage? I could give a wife every comfort and luxury.

BOB.

Answer—I think you are very wrong, Bob, in letting your misfortune make you morbid and cause you to withdraw from social contacts with your fellow creatures. You act as if there was something disgraceful about being hard of hearing, something that would cause you to lose caste in other people's eyes if you admitted it.

Many other deaf people take this same attitude and refuse to use the mechanical helps that science has designed for the alleviation of their affliction. They simply won't use an ear trumpet or any of the up-to-date substitutes for a trumpet, which is just as much a piece of false pride as it would be for a cripple to refuse to use a crutch, or a man with poor eyes to refuse to wear glasses.

So try to look at this matter from a sensible point of view. Just accept your misfortune and make the best of it. Buy yourself the very best mechanical ears that you can and mingle with your kind. You will find that as long as you are interesting and entertaining and a good listener, you will be a welcome guest and that there are very few people who will not treat your misfortune with tender sympathy.

Naturally, being deaf is a handicap in business. So is any other physical misfortune, but it only means that you will have to work a little harder and be a little bit more efficient than the ordinary man, and perhaps use a little more care in selecting your line of occupation. Very often our misfortune are our assets, because the knowledge that we have some difficulty that must be overcome makes us the more determined to succeed and drives us on the harder.

As for marrying, why not? There are plenty of girls who will look at a man's heart and head and character instead of his ears, and who would love you all the more tenderly because of your misfortune. And a girl who would let your deafness keep her from marrying you would be small loss, anyway.

DOROTHY DIX.

DEAR MISS DIX—I am a young man twenty years of age. Ever since I can remember I have been fascinated by the idea of sailing the seas, but now I have fallen in love with a girl who says she doesn't want a husband who would be away from home most of the time. Which shall I choose, a life on the ocean wave, or a home ashore with a nice little wife and all the trimmings? I have no money.

JOSEPH.

Well, Joseph, at your age, the wise thing is to take to the salt sea instead of venturing out on the sea of matrimony. You will be in much less danger of making shipwreck of your life.

If you have the lure for sea in your blood, you will never be happy ashore. Go and get it out of your system, or else find that it is your true vocation. You are too young to think of marrying for five years, anyway, and that will give you time to try yourself out.

DOROTHY DIX.
